Prize Schedule Tops \$55,000 For Ice Derby

Antioch will become the ice fishing capitol of the midwest when the Northern Illinois Conservation Club stages its annual ice fishing derby Saturday and Sunday, Feb. 8 and 9.

More than \$55,000 in prizes has been posted for the 1986 event, it was announced by Norm Rockow, NICC president.

Participation is expected to exceed 7,000 anglers for the two-day event which has been expanded to three locations, Rockow reported. With favorable weather, attendance could exceed 10,000.

Headquarters will be located at Channel Lake. As a new feature this year, satellite or "mini" derbies will be running concurrently at the north end of Petite Lake and Pistakee Lake, McHenry County, in front of Pinky Harrison's Resort.

All three contest centers will be linked by radio communication. The goal is to get as much participation as possible, Rockow declared.

All the frigid fishing will be aimed at claiming the top prize, a tagged fish worth \$25,000 being sponsored by Budweiser.

Three tagged fish worth \$10,000 each are being sponsored by Coca Cola, Stroh's and Old Style.

Berkley & Co. of Spirit Lake, Iowa, fishing rod manufacturer and maker of the famed Trilene fishing line, has posted \$1,500 worth of fishing gear to be awarded.

In addition, NICC will be honoring 1,800 previously tagged fish at \$25 each, according to Rockow.

There will be hourly prizes awarded in nine fish categories and scores of other prizes available.

Competition will be limited to two official periods, 9 a.m. to 4 p.m., Saturday, and 9 a.m. - 3 p.m., Sunday.

4-H Award

Members of Antioch's Town and Country 4-H Club pose with the "Club of the Year Award" which is part of their annual "People to People" display in the Antioch Township Library. The Antioch club was selected from a group of 57 Lake County clubs. Pictured from left to right are Sue Lemke, Jamie Davis, Tara Ryan, and Club President Christy Robinson.

Korecek To Step Down As Lions President

Laddie Korecek, president of the Antioch Lions club will step down as president when his year long term expires next Monday. Korecek will officially turn the position over to John Wolf at the Lions Club annual dinner to be held Monday night at 7:30 p.m. The dinner will be held at the Harbor Ridge Country Club located at the corner of Grass Lake Rd. and Rt. 59.

Korecek, 29, youngest president in the history of the Antioch Lions Club, said that he is more than satisfied with the club's progress over the past year. Korecek said that 1985 was a record year for fundraising with the club raising over \$20,000 for the blind and hearing impaired. Korecek said that the bulk of this money will go to groups located in the Antioch area.

Korecek also said that attendance had increased dramatically over the past year and that the Antioch Lions Club was one of the largest in the state. "We're number one in our district by far," said Korecek.

One of the reasons for the increased funds raised by the club may be that an extra fundraising event was added last spring. It was then that the "Good News Bears" played basketball against the Lions Club.

The "Good News Bears" is a team made up of Chicago Bear football players, including, Emery Moorehead, Mark Bortz, Pat Dunsmore, and Terry Schmidt. During the off season they make appearances and play games around the state for charitable organizations. According to Don Wolf, the

team said that the Antioch Lions game had one of the larger audiences that they played for last year and they have asked to return next year. The game should take place on Apr. 11.

Wolf said that he is looking forward to continuing the good work Korecek had done last year.

"I want to try to keep all of the members involved in projects and accomplishing things. I think Laddie had a good start on that and I hope to continue it," said Wolf.

One of the ways in which Wolf plans to do this is to add an extra fundraiser in addition to the "Good News Bears" game and the club's annual chicken barbecue.

Other items on Wolf's agenda include the commemoration of the Antioch Lions Club on the village's new vehicle stickers, and a celebration commemorating the club's fiftieth anniversary. The stickers are due to be issued this June and the celebration is being planned for 1987.

District 34 Board To Meet

The District 34 Board of Education will hold their next meeting on Friday, Jan. 24, in the library of the W.C. Petty Elementary School located at 850 Highview Dr. in Antioch.

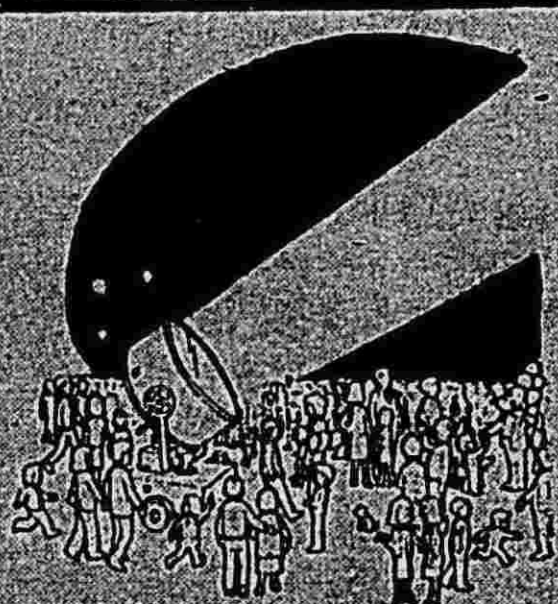

Items on the agenda will include staff requirements for the '86-'87 school year and the redistribution of students within three of the district's schools.

To Hold Dinner For Maplethorpe

A buffet dinner will be held in honor of Todd Maplethorpe next Tuesday, Jan. 14 in the Tower Room of the Antioch Bowling Lanes. Cocktails will be served at 6:30 p.m. with dinner beginning at 7 p.m.

The dinner will mark Maplethorpe's retirement after over thirty years of service to the Village of Antioch. Maplethorpe has held the positions of Director of Public Works and Superintendent of Water and Sewers.

The dinner is open to the public at a cost of \$12 a person. Reservations can be made by calling the Antioch Village Hall at (312) 395-1000.

Leadership Challenge Looming In Precincts

Dissatisfaction with the leadership of Charles "Chuck" Kempf as Antioch Township Republican chairman may be an underlying cause for contests for committeeman in five of Antioch's 14 precincts.

Kempf reportedly is being "pushed" by two GOP aspirants for Dist. 4 County Board nominations, Joseph Tobolik and Ray Edwards.

Tobolik and Edwards are believed to have encouraged Erine Opatz to challenge incumbent Pct. 8 committeeman Dennis Murphy.

The committeeman race in Pct. 8 was a three-way affair until Thomas D. Steiskal, long-time GOP political activist, withdrew.

Veteran Pct. 3 committeeman, Michael J. Haley, former Mayor of Antioch, also is facing a challenge. His opponent will be Joseph A. Jaworwki.

In Pct. 11 Jerry Heywood is challenging Lillian M. Golonka, incumbent precinct captain.

Antioch Township Supervisor Jim Fields and Carl R. "Moose" Gulbrandsen are locked in a race in Pct. 12. Rounding out the challenges is Ray Edwards Jr. who is out to unseat James A. Olson in Pct. 14.

Political observers in-

dicte that the increase in contest at the precinct level as a link to how Kempf is conducting the chairman's office.

Precinct committeemanships will be decided in the March primary election. The post is

non-paying. Committeemen serve two-year terms.

Democrats have no precinct contests in Antioch Township and only two candidates for 14 positions, Bob "Guess" Gesiakowski in Pct. 10 and John W. Doyle in Pct. 14.

Antioch 4-H Club Number One

The Town and Country 4-H Club has received the 1985 Club of the Year Award at the County Awards Night held at Avon School. This award is given to the one club in Lake County that has done outstanding work.

The club is 6 years old and meets at the State Bank of Antioch. Past accomplishments include trophies for American Dairy Week and Club Historian for two years, with this year's winner being Marci Jester. Christy Robinson received the People to People medal. Her family hosted a girl from Japan two years in a row and this year Christy is going to Japan as part of the 4-H Labo program. Certificates have been given for outstanding work in safety, citizenship and health. Other achievements include excellent participation in the Lake County Fair, Illinois State Fair, workshops,

meetings and "Share the Fun."

Two past members are Lorna Whitton who went to the National Congress of 4-H in Chicago. She recently graduated from Eastern Illinois University where she majored in Home Economics. The second girl, Sue Lemke did outstanding work in Sewing and Dress Revue. She is currently attending Eastern Illinois University where she is majoring in Fashion Merchandising. The 4-H program played a major part in the future of these two young women. They were members of the club in high school as well as in college. Now they serve as adult leaders sharing their experiences with the younger members.

Proceeds will go toward the athletic program at St. Peter's School.

Emmons Revises Policy Manual

The Emmons School Dist. 33 will be busy over the next year when it will be reviewing the board's policy manual.

Revising the 800 section manual is the biggest project a board faces, but each meeting starting Jan. 13 a board committee will bring recommendations to the members for approval.

Supt. Jill Ballock said the board will spend about a half hour discussing revisions during meetings over the next year.

The committee consists of Jan Ranney, Phil Dahl and Dick Ruck. The board will be assisted by a consultant of the Illinois Association of School Boards.

The board will also be studying school insurance coverage which is skyrising before school officials' eyes.

Ballock said Emmons School has an excellent track record, but that doesn't mean insurance rates won't increase.

To Hold Meeting

The Down's Development Council meets monthly at 7:30 p.m. on the second Monday of the month at the Ivanhoe Church, located on Rte. 176 just west of Rte. 60-83.

The membership includes parents, teachers, relatives and friends of individuals with Down's Syndrome.

For further information, call Nicki Neal at (312) 367-5267.

Seven Out For Board

Seven applications have been taken out to fill a vacated seat on the Emmons School Board, said Supt. Jill Ballock, but not all of them have been returned.

The deadline to return the completed application from people interested in the appointment is 3 p.m. on Friday, Jan. 10.

The board is scheduled to review the applications at its regular meeting on Monday, Jan. 13 and appoint a member by Jan. 31.

Ten-year board member Richard Becker's resignation was effective Dec. 31 and by law the board has to replace his seat by Jan. 31.

Becker, who had served several years as board president, resigned due to business interests.

The seat is up for election in November 1987.

Candidates for the membership of boards of education are required to be: a citizen of the United States, 18 years and older, resident of the State of Illinois and of the school district for at least a year, and registered voter.

Air National Guard Airman 1st Class Juan F. Naranjo, son of Mr. and Mrs. Fernando Naranjo of 1311 Cherokee Dr., Round Lake, has graduated from the U.S. Air Force engineering assistant course at Sheppard Air Force Base, Texas. During the course, students were taught practices and techniques of construction surveying, drafting fundamentals, and the use and care of drafting and surveying equipment. They also earned credits toward an associate degree through the Community College of the Air Force.

Admiral To Assist Chief

The Herb Gorrell for State Senate committee announced the appointment of Adm. Henry A. Renken, USN Ret., as honorary chairman for the Gorrell for State Senate Committee.

Admiral Renken was Commandant of the 9th Naval District, Great Lakes, and served more than 10 years as rear admiral. Admiral Renken, a graduate of the U.S. Naval Academy in 1931, has received many awards and honors including the Silver Star Medal, the Legion of Merit with three stars, and the Distinguished Service Medal.

Admiral Renken has known Gorrell, former Navy Chief petty officer, for 10 years. Both have been very active in the Navy League and the Blue Jackets.

Gorrell, 30th District State Senate candidate, has served 20 years with the Navy all over the world, including his last duty in Vietnam where he secured a Navy transmitter site directing 50 personnel. After honorably retiring from the Navy, Herb joined New York Life Insurance. In 1982,

There'll be a distinct military tone to the candidacy of Herb Gorrell, right, who is seeking the Republican nomination for state senator from the 30th Dist., with retired Adm. Henry A. Renken serving as honorary chairman of Gorrell's election committee. Both are residents of Lake Bluff.

Gorrell became an instructor for the College of Lake County at Great Lakes Naval Gunnery School.

Gorrell has been State Senator Adeline Geo-Karis'

representative at the Great Lakes Drug Abuse Committee chaired by Admiral Gurney. Herb also co-chaired Fred Foreman's 1980 campaign for Lake County states' attorney.

Dems Offering Variety In White House Race

By John Steinke

In the words of the late New York Yankee Manager Casey Stengel: "Don't never predict nothin', especially the future." Since we are only 1,106 days from the Presidential Inauguration Day in 1989, it's time that we speculated on who will be the next president? This column will concentrate on the potential Democratic candidates.

Apparently, the popular Democratic tune, "Bridge Over Troubled Waters," will not be heard in presidential politics. On Dec. 19, Massachusetts Sen. Ted Kennedy took himself out of the 1988 presidential race. Kennedy knew that he could not escape "the character issue" dating from the 1969 Chappaquiddick drowning of a woman riding in a car Kennedy was driving. This fall, a widely-publicized book about his former wife Joan was published. The book characterized Kennedy as an uncaring husband. The lingering memories of Chappaquiddick caused Kennedy to avoid the presidential sweepstakes in 1972, 1976 and 1984. Only in 1980 did he choose to run, losing a bitter primary campaign to incumbent President Jimmy Carter. The former President still maintains that the Kennedy challenge contributed heavily to his defeat by Ronald Reagan.

The Chappaquiddick kid has been linked by a family name and a 23-year Senate

voting record to the liberal causes of disarmament, civil rights, national health insurance and other domestic welfare programs. Thus, Kennedy has been identified as an old-line liberal at a time when liberalism seems to be going out-of-style. A final and perhaps paramount factor influenced Kennedy's decision. In 1988, the Senator will be up for reelection to the seat he has held since 1962. It would be "Mission Impossible" for Teddy to run for both the presidency and the U.S. Senate in the same election year.

Steinke On Politics

Which Democrats will benefit from Kennedy's withdrawal? SEN. GARY HART OF COLORADO now is considered the front-runner for the 1988 Democratic presidential nomination. Hart finished second to Walter Mondale in the presidential balloting at the 1984 Democratic National Convention. He remains popular in the New England and

Western states, where he clobbered Mondale in the presidential primaries and party caucuses. Yet, Hart was wounded in 1984 when Mondale successfully suggested that there was little substance to the challenger's "new ideas" theme. The taunting Mondale asked the question, "Where's the beef?" Most voters possess only a fuzzy image of Hart on the issues. It is expected that Hart will not seek reelection to the Senate in 1986, freeing himself to concentrate on a White House campaign.

GOVERNOR MARIO CUOMO OF NEW YORK is likely to inherit Kennedy's place as the favorite of the party's traditional liberals. He is also perceived by many leaders of organized labor as embodying the traditions of the last New York governor who made it to the White House: Franklin D. Roosevelt. Cuomo plays an audience like an angler luring the trout to the fly. His keynote speech electrified the 1984 Democratic convention and established him as a national political figure. Cuomo's speech dwelled on the plight of the poor, the homeless and the elderly. But two problems plague Cuomo's potential candidacy. First, he must win reelection as governor in 1986. If Cuomo loses, the only way he will get to the White House is as a visitor. Second, he must not permit the voters to develop the impression that he is just another Walter Mondale with charisma.

THE REV. JESSE JACKSON is preparing for a rerun in the 1988 presidential sweepstakes. Jackson corralled the black vote two years ago. He garnered 3.5 million votes in

the 1984 Democratic presidential primaries without money and local organization. Jesse Jackson will attempt to organize his "Rainbow Coalition" among minorities and the poor. The civil-rights activist will run again as a Democrat because he will no longer have to compete with Kennedy for the support of black voters, many of whom are committed to the Kennedy mystique. Jackson cannot win the nomination, but he may influence the direction of the party.

CHRYSLER CHAIRMAN LEE IACocca is a nominal Republican, who has contributed to Democratic campaigns. He masterminded the recovery of the financially shaky Chrysler, which weathered an expected financial collapse. It now enjoys record operating profits despite an industry wide falloff in car sales. Because of the Republicans' victories in four of the last five presidential elections, a pro-business candidate may have special appeal to the working man as well as to top management. Yet, Iacocca is a political novice without any experience in public office. Does he possess the political skills to make the leap from the boardroom to the Oval office? Will the party that represents Big Labor accept a Republican convert from Big Business as a presidential nominee?

Thus, the Democratic Big Four include an anti-Establishment insurgent from Colorado, a charismatic liberal from New York, a black activist from Chicago, and a Republican entrepreneur from Chrysler. Who would you support? Or would you cast a ballot for "None of the Above?"

Geo-Karis Accepting 1986-87 Applications

State Senator Adeline J. Geo-Karis (R-Zion) is accepting applications for her 1986-87 Illinois General Assembly Scholarships.

To be eligible for one of Senator Geo-Karis' Illinois

Scholarships, the student must live in the 31st Dist. and either have been accepted for enrollment the Fall of 1986 at a state-supported university or college in Illinois, or be in attendance currently.

Interested students living within Dist. 31 should write Senator Geo-Karis at P.O. Box 33, Zion, Illinois 60099 for the necessary application form as soon as possible, and no later than March 31.

Celebration Set Jan. 12

A Black History celebration will take place on Sunday, January 12 at 4 p.m. at North Chicago Community High School Auditorium. The event is sponsored by the Education and Special Events Committee of the Lake County Forest Preserve Dist., The Lake County Museum, School Dist. 64, School Dist. 123, the North Chicago branch of the N.A.A.C.P., Citizens for 14, and the Alpha Thi Alpha Fraternity, Inc.

The program has been planned to celebrate Dr. Martin Luther King's birthday and to celebrate Black History in Lake County. Commissioner Audrey Nixon and School Board member Evelyn Alexander planned a

program to include choir singing, dancing, dramatic presentations, a keynote speech by Reverend Julius Trimble, an oratorical presentation and refreshments. Reverend Randall Hutchinson is the Chairman and Master of Ceremonies for the event. Other committee members include Commissioners Stanley Pekol and Sam Payne, Museum Supervisor Rebecca Goldberg and Jury Commissioner Mrs. Watts.

An exhibit of Black History will be designed and fabricated by Lake County Museum staff members. Lake County Forest Preserve District President Donald Strenger commented, "This will mark the

fifth year that we have celebrated Black History in Lake County. The program planned should be a very enjoyable one and I hope that many will attend."

Dramatist To Portray Florence Nightingale

Some people collect stamps, others antiques. Dramatist Tanya Griffith's hobby is collecting people, or more specifically, women whom she feels have led fascinating enough lives to be of inspiration, enlightenment and/or amusement to the general public.

Florence Nightingale will seemingly come alive through Griffith's portrayal of this famous nurse of the past at Burlington Memorial Hospital's annual meeting on Thursday, Jan. 16.

Griffith researches each of the women she portrays. This encompasses hours of study in archives, visits to the Smithsonian and even makes pilgrimages to the places where her characters lived, worked and died.

She believes that in researching as she does she comes up with a lot of detail and remote information that makes her women vital, alive and very human. Once on stage, Griffith's presence is commanding and her audience mesmerized. The Griffith experience always leaves her audience entertained and informed.

Among the influential women portrayed by Griffith are such ladies as Abigail Adams, Dollie Madison, Mary Todd Lincoln, Eleanor Roosevelt, Bess Truman, Mamie Eisenhower, Queen Victoria, Queen Mary, Clara Barton, Susan Anthony, Pearl Buck, Amelia Earhart, Goldie Meir and for fun and inspiration, Erma Bombeck.

Griffith graduated from Ohio Wesleyan University with honors in political science. She received a journalism honorary from Pi Delta Epsilon and a theater honorary from Theta Alpha Phi. She is married to Dr. William Griffith, minister of United Methodist Church of Chagrin Falls, Ohio and is the mother of three grown children.

Don Wegmiller, president and chief executive officers of Health Central Corp. of Minneapolis, Minnesota will also be present at Memorial Hospital's Annual Meeting to make a special presentation. Memorial Hospital is celebrating its 50th an-

niversary as a member of the American Hospital Assn. Wegmiller is currently governor of the American Healthcare Systems Board of Governors, and chairman-elect of the American Hospital Assn. Board of Trustees.

He currently serves on the board of a medical center in the midwest, a Minnesota-based HMO, two insurance companies. Several private companies, a medium-sized commercial bank and a private college.

In addition to his health care activities, Wegmiller was a White House staff assistant for both Presidents Nixon and Ford and currently serves in this capacity with the Reagan administration.

The public is invited to attend Memorial Hospital's Annual-Meeting which will be held in the newly built Monte Carlo Room of Sperino's Restaurant in Elkhorn on Thursday, Jan. 16.

Dinner will include two entrees, potatoes, vegetables, salad, relishes, rolls, dessert and beverage at a cost of \$11 per person.

This cost also includes the performance by Tanya Griffith. Those wishing to attend may do so by sending \$11 per dinner reservation to the planning and marketing department at Memorial Hospital, 301 Randolph St. Burlington, Wis. by Jan. 10. For further information call (414) 763-4996.

Craig To Appear

Folk singer/guitarist Jim Craig will be presented in his second concert appearance at the Woodstock Opera House on Saturday, Jan. 18, at 8:15 p.m.

Involved with music his entire life, Craig has been performing since his early teens, and has been a constant on the Chicago music scene since the late 60's, appearing with most of the premier folk artists that have developed during this period, including Ed and Fred Holstein, Art Thieme, Bonnie Koloc and the late

Steve Goodman.

He is noted for his rich baritone voice and elegant guitar stylings, and performs a wide repertoire of material that includes traditional folk tunes, blues, country, rockabilly, as well as contemporary music and many original compositions. In addition to his club and concert schedule, Craig is frequently featured on two Chicago folk-oriented radio programs, WFMT-FM's "The Midnight Special" and WBEZ-FM's "The Flea Market."

Michael's Can't Fire Chef

by GLORIA DAVIS

There are many people who think that the owner of a good restaurant should be its chef. Michael's Restaurant on Rte. 173, west of Antioch, fills that bill.

Michael and Judy Varanelli, who took over the old Windjammer Restaurant last summer, have been around the food service business for years.

Spotlight

Michael, who is a graduate of the Culinary Inst. Of America, served as a chef for the Hermitage Hotel in Lucerne, Switzerland, before opening his own restaurant.

Judy has worked in restaurants since she was 16 years old. Better qualifications for turning out fine food and splendid service are hard to find.

After redecorating the restaurant in shades of soft pinks and grays for the customers' relaxation, the Varanellis chose a primarily European continental menu.

"The menu is not heavy on the French side, sort of middle of the road," says

Michael.

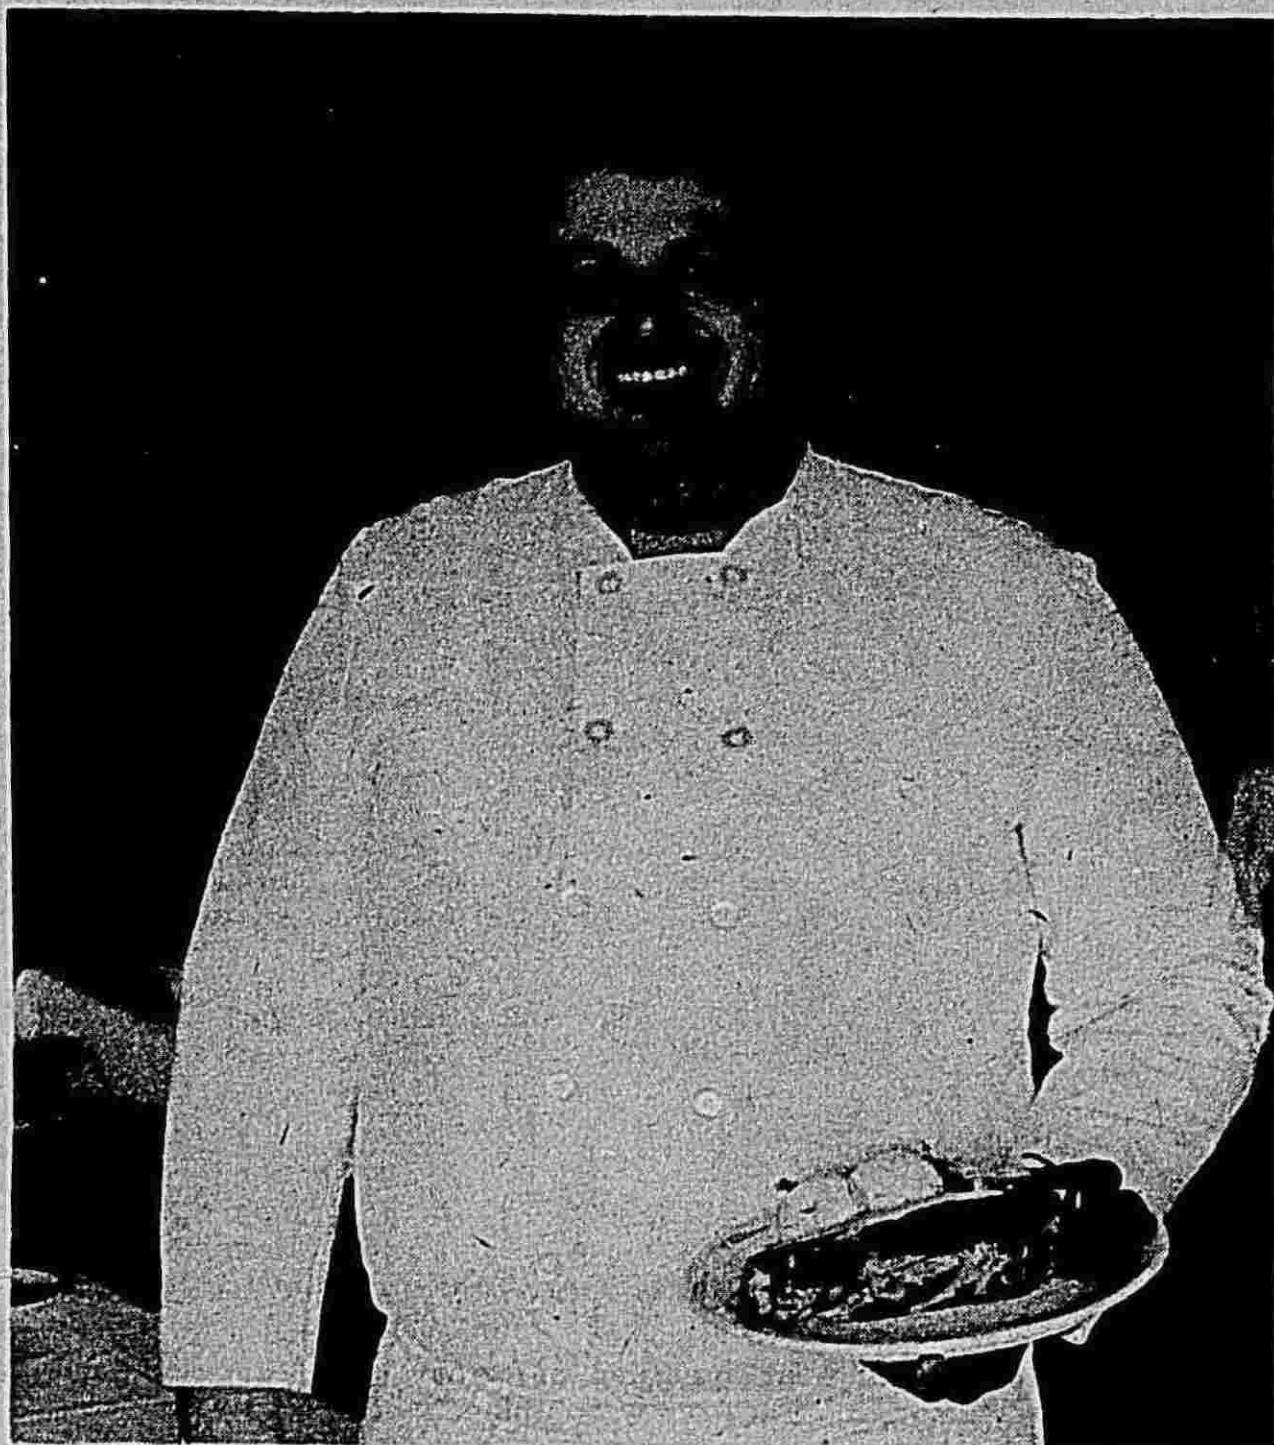

The Varanelli veal dishes are the customers' favorites, ranging from veal medallions (sauteed with scallops and finished with a hollandaise sauce), to Veal Picatta (slices of veal dipped in a cheese-egg batter, sauteed and served with a light tomatoe sauce.)

Anyone whose mouth is still watering can also dine on perfectly cooked strip and filet steaks, stuffed Idaho Rainbow Trout (tenderly hand-stuffed by Michael) or roast duckling, topped with a succulent sour cherry sauce.

The menu also includes a few daily specialties that vary according to the chef's cooking mood.

Michael's is open six days a week, serving dinners (all including an appetizer tray, salad, and choice of potatoe) from 5-10 p.m. and on Sundays from 1 to 9 p.m.. Michael's is closed on Mondays.

With the barroom, the restaurant can seat, serve and please 98 people. Michael's also has banquet facilities for up to 250 people. Prices for dinner range from \$5.95 to \$15 for lobster.

Michael Varanelli

Folk-Guitarist To Appear

Doc Watson, the legendary folk-guitarist from Deep Gap, N. C. will present his second concert appearance at the Woodstock Opera House on Friday evening, Jan. 24 at 8:15 p.m. Watson is known for helping to preserve "the good music," the traditional ballads and melodies of Southern Appalachia. Watching and listening as his fingers fly across the neck and body of a steel-string, flat-top guitar, is one reason why connoisseurs of acoustic music rank him among the world's best flat-picking guitarists. Watson's expertise as a

musician sometimes makes people forget about his exceptional qualities as a singer.

Doc uses his rich country baritone voice to cover a wide repertory ranging from the folk songs he learned as a child, to classic Jimmie Rodgers country pieces, swing-tunes he picked-up while working in dance bands, as well as material by contemporary writers.

For this performance the Grammy award winning Watson is scheduled to be accompanied by Jack Lawrence on acoustic guitar, and T. Michael

Coleman on electric bass guitar and harmony vocals.

Reserved seats are available at \$12 or \$10. For information call (815) 338-5300.

Slates Classes

Registration for winter classes in music and art at the David Adler Cultural Center will be on Saturday, Jan. 11, from 10 a.m. to 4 p.m.

Among the art classes are children's art I and II, children's sculpture and ceramics classes and oil painting and drawing for teens. Adult classes include classical sculpture, ceramics, oil painting and drawing and watercolor.

New this session are wood carving for teens and adults,

intermediate and advanced portraiture, "Painting Through History," and calligraphy.

The David Adler Cultural Center, 1700 N. Milwaukee Ave., Libertyville, is a non-profit organization. For information call (312) 367-0707.

Happy Holidays At Winchester

The holidays were a bustling time of happiness at Winchester House for senior citizens from Christmas right through the arrival of the new year. Vitus Anderson plays lively tune on harmonica, 'You Are My Sunshine,' as two fellow residents

display some of their gifts, a lacy nightgown for Florence Rice and perfume for Vivian Allison. Winchester House is operated by Lake County and is located in Libertyville. Photos by Jody Lewand.

Announce Vacancy On Aging Council

Region Two Area Agency on Aging is seeking a Lake County resident to represent Lake County as a volunteer on its Advisory Council, to fill an unexpired term until November, 1986.

The primary qualifications required are a sincere interest in benefiting senior citizens and desire to make the public aware of the services available to older persons.

Interested persons should contact Charles D. Johnson, executive director of Region Two Area Agency on Aging, at P.O. Box in Kankakee, IL 60901, or by phone at 815/939-0727 or toll-free 800/528-2000 by Feb. 1, 1986.

Region Two Area Agency on Aging is responsible for developing and coordinating a network of services for older persons throughout an eight county area.

The agency informs and advises public and private agencies and the general public of the needs of older persons living in the Area,

and acts as an advocate on their behalf.

Duties of the Advisory Council include advising the agency, recommending services and activity funding priorities, and reviewing and commenting on the Area Plan.

Restaurant Fire

A view of the service counter and the beverage dispenser at the Pisa Tower restaurant in Wauconda reveals the extensive damage caused by a fire on New Year's Day. Investigators believe that the fire was started by an electrical malfunction in the ceiling above the lunch counter.

New Year's Day Fire

A fire that started in the early morning hours on New Year's Day gutted the Pisa Tower restaurant in Wauconda. Firefighters from surrounding communities assisted the Wauconda Fire Dept. in bringing the fire under control.

Neal: Investigate Mason, Mason: They're Scared

by GLORIA DAVIS

At a special press conference, held on Jan. 9, at the Lake County Bldg., Bob Neal, head of the county Republican Party, called for a full and final investigation of Donald Mason's "illegal election activities."

Neal strengthened the investigation call by adding a request that State's Atty. Fred Foreman "convene a grand jury to investigate this matter at his earliest convenience."

The media was called in after Mason's withdrawal when shadows were cast on some of the signatures on Mason's petitions filed in preparation for opposing incumbent Lake County Sheriff Robert (Mickey) Babcox in the Republican primary in March.

Calling the hearing board an unfair one (Lake County Clerk Linda Hess, Lake County Circuit Court Clerk Sally Coffelt and Asst. State's Atty. James Baak), Mason withdrew his name before any decision was made and announced he would run as an independent candidate.

Besides the press, the lobby of the county building was full of Republican in-

cumbents including Babcox who reiterated his claim that Atty. Al Wysocki and Rudy Magna, Jr., who filed objections to Mason's petitions, did it on their own and "are not on my campaign staff. I hope they vote for me though."

Mason immediately told the media that he would soon be releasing an official statement in answer to Neal's charges. "I have nothing to hide, I did not commit perjury and there was no intent to defraud."

Neal accused Mason of possibly being in cahoots with the announced Democratic candidate for the sheriff's office, Sander Stagman, who had been his campaign manager in the last election when Mason only lost to Babcox by 10,000 votes.

In answer to Neal's suggestion of that try to "muddy the Republican primary," Mason said, "Neal, the man who wrote a letter asking for leniency for one of Lake County's biggest drug smugglers, and Babcox, who went to his trial, are doing that all by themselves."

Mason was referring to the trial and conviction of

William Haley of Antioch whose campaign contributions he claims were accepted by Babcox even after he was indicted for drug smuggling.

Mason described the petition investigation and Neal's statements as "further examples of their machine brand of politics."

Although Mason says, "Babcox is scared of me," Babcox answered that he is no more concerned about Mason's opposition than he would be by that of any other candidate.

Cook, Craft

A program is being offered by the Warren Special Recreation Assn. which will enable participants to increase their home economic skills. Projects will include basic sewing, cooking and home crafts. Sessions will be on Monday evenings, beginning Jan. 6 through Feb. 24 (eight weeks), from 4 - 5 p.m. at the Gurnee Park Dist. Fee is \$26 for residents and \$39 for non-residents. For more information, call (312) 244-1101.

Extension Class Helps Strengthen Family Ties

Although families have taken their share of lumps and bruises in the media recently, research is now beginning to depict the family in a more favorable light.

According to Norma Schott, Lake County 4-H Adviser, information reveals that in general adults are

genuinely struggling to be good parents, and children and adolescents generally feel good about their parents.

The evidence indicates that the parent-child relationship is much more affectionate and supporting rather than hostile and rejecting as it has been often

portrayed.

The study also showed that at no point between the fifth and ninth grades does the influence of the adolescents' peers outweigh the influence of their parents. Another positive finding is that only a minority of parents use harsh or extreme measures of punishment.

Fire Dept. Responds

The Fox Lake Fire Department responded to a snowmobile fire at the Leisure Village home of Robert Laughlin, at 10:02 p.m., last Thursday.

The fire started when Laughlin tried to start the snowmobile of his friend, Donald Mock, of Woodale II. According to Fox Lake

Fire Chief, Frank Busch, Laughlin opened the hood of the snowmobile when he had trouble starting it. The snowmobile was then engulfed in flame.

Although no one was injured, Busch described the snowmobile, a 1979 Arctic Cat, as a "total loss."

To Teach Volunteers

Kenosha Memorial Hospital (KMH) will be holding an orientation session for men and women interested in becoming volunteers at 9 a.m. on Thursday, Jan. 16, in the volunteer meeting room at KMH.

Over 500 men and women presently aid KMH patients and staff in 36 different hospital areas.

The orientation session takes approximately one and one-half hours. For

more information, call the KMH Volunteer Dept. at (414) 656-2144.

Controlling Costs

"Controlling Unemployment Insurance Costs," a seminar for any employer, will be held at John Evans Inn, Crystal Lake, on Thursday, Jan. 23, 8 a.m.-4 p.m. It is being sponsored by McHenry County College, the Illinois Department of Employment Security and McHenry County Chambers of Commerce, at a cost of \$25 for one person and \$15 each for two or more.

Stagman: They Hear Footsteps

Sander Stagman, approach gives voters an idea Democratic candidate for Lake County Sheriff in the spring election, joins another possible candidate. He added, "For Neal to Don Mason in one thing, saying that the recent Republican political moves might signify that 'they hear footsteps.'"

In answering Lake County Rep. Chairman Bob Neal's suggestion that Mason's try for the Republican nomination might have been in partnership with Stagman in an effort to help Stagman's campaign by "muddying the Republican primary," the Democratic candidate is irate.

"I categorically deny having anything to do with Don Mason and his present campaign. For them (GOP) to use this

approach gives voters an idea of the scurrilous mentality that runs rampant among them," said Stagman.

He added, "For Neal to use that semi-accusation, they must hear footsteps."

He went on to say that one of the things that the GOP fears is an improvement on the only time he had something to do with Mason when he was almost instrumental in making him the Lake County Sheriff, referring to the three months Stagman spent in 1980 as Mason's campaign manager.

Stagman finished with, "Neal, after the press conference on Mason, admitted to the press that he had no proof of the allegation and it was only based on those three months in 1980."

Tax Relief Confusing?

Property-tax payers in this state have got to be totally confused on if they are going to or if they are not going to get more state property tax relief this coming two years.

Now, this is a first for this writer, I'm going to let

Mayor Maier of the City of Milwaukee get in his two-cents worth.

Mayor Maier, "Isn't it ironic that Wisconsin Democrats have wiped out our tax credits for homeowners just as Reagan Republicans have proposed eliminating state taxes on deduction credits on federal income tax forms," he said.

"While the governor and some legislators are criticizing the Regan tax plan for seeking to eliminate the deduction for local and state taxes, they themselves already have done the same thing by eliminating the property tax credit," he said.

At a news conference a few weeks ago, the mayor indicated he felt that the news media has failed "their watch-dog role" by not properly analyzing the state budget applications regarding to property tax relief.

The following material was taken from an Associated Press story regarding that news conference.

Earl persuaded the legislature to repeal a 1979 tax-credit program, and that will cost Wisconsin renters and property-tax payers about \$120 million a year, Maier said.

Mayor Maier referred to the original 12 percent tax-credit that was allowed in the "tax computation" section of state income tax forms.

The 1979 credit was later modified to 10 percent. The new 1985-87 budget cuts it to a one-year-only 7.9 percent credit in 1986, after which it would be eliminated entirely.

The mayor quoted the Public Expenditure Survey as citing the maneuver in July.

"In spite of this," the

survey had said of the tax-credit cancellation, "the administration considers the new one-time income tax credit (for 1986) an increase in property tax relief."

When Earl signed the state budget, Maier said, "he claimed it provides 'an unprecedented increase in property tax relief programs: \$885.6 million in all.'"

But an examination of the figures shows that elimination of the 10 percent property-rental tax credit gives the state \$126 million annually, and the Earl's retention of the state sales tax at 5 percent provides the treasury with \$654 million, Maier said.

"That sales tax money was supposed to be earmarked for property tax relief, but was later diverted by the state for its own use," Maier said.

By keeping the sales tax at five percent instead of letting it revert to four percent as intended in 1983, and by eliminating the rental-homeowner credit, the legislature has found \$780 million dollars or 89 percent of what Earl calls new property-tax relief, Maier calculated.

"The remainder of the so-called new property tax relief is the one-time 7.9 percent credit for 1986," he said. "Is this property-tax relief?"

Conclusion, Mayor Maier referred to this shifting around of money as nothing more than a "shell game" where you are really robbing Peter to pay Peter.

Bike-A-Thon Prizes Awarded

On September 29, 1985, Tom Hudd and his brother Rick, participated in the Antioch Bike-A-Thon to benefit the Lake County Unit of the American Cancer Society.

Tom rode away with the first-place prize ten-speed bike. Bob Leavitt of the Antioch Jay-Cees and Charles Beschoff, Volunteer Fire Department, who co-chaired the Antioch route, reported their riders contributed \$3,322 to the Cancer Society.

Tom received his prize at the Victory Dinner hosted by McDonald's of Hawthorn Center on November 20. John Paul, Zion, was over-all chair for the eleven route Bike-A-Thon which raised \$26,948 for the area Unit of the American Cancer Society.

The top three winners of the Bike-A-Thon won bikes donated by The State Bank of Antioch, The First National Bank of Antioch, and Stang Funeral Home of Antioch.

Antioch Library To Start Children's Reading Hours

Children's story hours will be starting again in February at the Antioch Twp. Library.

Children ages 3-6 years can listen to stories for half hour sessions on Thursdays

and Fridays at 10:30 a.m. or noon. The first sessions begin on Jan. 30 and Jan. 31.

Children in kindergarten through fourth grade can listen to stories on Saturdays from 2 to 3 p.m. starting Feb.

1. All story hours run through May 3.

Registration for the programs started Jan. 6. For more information call the library at 395-0874.

Porter Forum To Focus On Liability Crisis

Congressman John Porter (R-10th) has announced that the first of his 1986 public forums, "The Liability Explosion," will be held on Saturday, Jan. 18, at the Arlington Heights Public Library from 9:30 to 11:30 a.m.

Along with other elected officials from the 10th District and audience members, Porter will lead a discussion of the problems facing local governments, small businesses and the health care industry in obtaining adequate liability insurance coverage.

"Resources that could be spent on improving municipal services, medical services and products are instead being consumed by the liability explosion through escalating insurance premiums," Porter said. "This is a problem that affects every aspect of our society. I encourage everyone to join our open

dialogue on this crisis and possible solutions."

Following the main session on liability issues, Porter will open the forum to other topics from the audience.

The event is free and open to the public. The Arlington Heights Public Library is located at 500 Dunton Street.

Along the way with ANNIE MAE

Don and Amy Purfeerst, who are stationed in West Germany, are the proud new parents of a bouncing baby boy-DON III-that weighed 7 pounds. Proud Grandparents Don & Dorothy Purfeerst and Elmer and Gail Olson have to be content just to see pictures for a while.

Is everyone glad to see 1986? I have heard a few sighs of relief and the expression of hopes that it will be a better year. As for ANNIE MAE-I have had a lot of worse years than 1985! It wasn't so bad and my hope is that 1986 is as good or of course better!! I understand the Village was quite peaceful this New Year's Eve. If the strict laws are saving lives I think we can figure out ways to work out our partying in a safe manner! We can be glad we all got to see 1986!

Antioch Parks & Recreation is announcing its new Rules of the Road Class which is held at the Senior Center on Holbek Ave. The classes are two consecutive Mondays from 10 a.m. until noon. The class dates are January 13 and 20 and one is expected to attend both Mondays. Bring paper and pencils. Registration is being taken by Glenda at the Parks office at 395-2160. Call now! If you are Senior Citizen and you have to take a test in the next two months it is well worth your time!

Happy Birthday greetings to Kathy Haley, Diane Frilman, Steven Frilman, and Larry Hanson.

Don't forget to call the Village Hall for your reservations-Tod Maplethorpe's retirement party from the Village of Antioch at the Tower Room January 14th. The number to call is 395-1000!

Jan. Big Month For Birthdays

by ARDEEN HARRIS
(312) 395-2761

Happy New Year to all of you in the Grass Lake Area. I hope you all had a great time on New Year's Eve and the day after. I know the Campbell family enjoyed the warm sunshine of Florida for the start of their new year. School has started so it's back to a busy schedule for many people. The Grass Lake School Board will have their next meeting on Jan. 14 at 7:30 p.m. The Grass Lake

PTO will have a meeting on Jan. 15 at 7:30 p.m. The last game for boy's basketball will be on Jan. 16 against Alden-Hebron at home. Then can you believe, there is another holiday on Jan. 20. There will be no school on this date to honor Martin Luther King's birthday. Jan. 10 will find the sixth and seventh grade students from Grass Lake School swimming at Camp Ravenswood.

Congratulations are in order to Sally Hiller who will be starting a new venture on Jan. 12 at 8:45 a.m. with her own establishment called "Short Cut" located at the corner of Rte. 83 and Grass Lake Rd. (next to Bill's Service Station). Stop by and wish her luck.

The final results are in for the Girl's Iceless Hockey League, grades 3-5. The Rangers came in first, the Blues received second place, the Penguins and Whalers tied for third place, the Redwings came in fourth, the Canadians and Islanders

tied for fifth place, the Cahnucks came in sixth, the Maple Leafs came in seventh place, the Kings came in eighth place, the Flyers came in ninth place and the Blackhawks came in tenth place.

January is a busy month for birthdays. Happy Birthday to Tony Chinn who will be celebrating his day on Jan. 14. Adam Hiller will be celebrating his day on Jan. 18. Adam is in Kindergarten at Grass Lake School. Eric Hansen will be celebrating his day on Jan. 19. Jim Harris will turn another year older on Jan. 19. Amy Hansen will be celebrating her day on Jan. 20. She will be twelve years old and is in the sixth grade at Grass Lake School. Jenny Brausam will be celebrating her day on Jan. 22. She is in the fifth grade at Grass Lake School. Mark Cole will be celebrating his day on Jan. 24. Mark will be 12 years old and is in the sixth grade at Grass Lake School. Happy Birthday to you all!

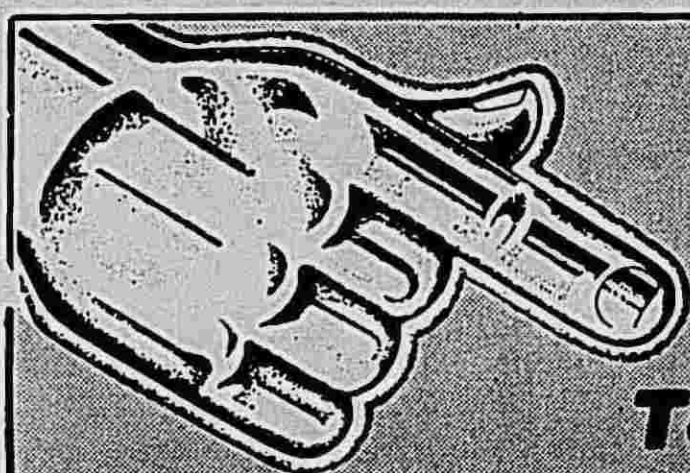

Aileen and Pet Marsala will be celebrating their wedding anniversary on Jan. 22. Happy anniversary to you both!

The Grass Lake Junior High will be going skiing on Jan. 17. There is a special event at Holiday Park on Jan. 15 with a free ski lesson and you can rent their equipment for only \$7.50. Be sure to give them a call and register and get ready to ski! Remember to call with your news!

Thank You

WE WISH to thank all of our dear friends and relatives for the expression of sympathy at the loss of our loved one, Harry L. Hironimus. A special thank you to Rev. Leslie Kaufmann.

County Farm Bureau To Sponsor Seminar

A money management seminar sponsored by Lake County Farm Bureau's Women's Committee and Country Companies (CC) will be held at 7:30 p.m., Tuesday, Feb. 4, at Farm Bureau, Grayslake. "IT'S YOUR MONEY—MAKE THE MOST OF IT" is designed to increase awareness and understanding of better personal and business financing.

Emphasizing the "how to do it" of personal and business financing, Paul Meints of Country Companies Financial Planning

Division will be on hand to talk about the specifics behind Profiting From Tax Reform and Investment Choices And Opportunities.

In The Profiting From Tax Reform portion of the program, participants will learn the effects of the many recent legislative proposals to change the structure of the income and estate tax system. You will learn the implications of these proposals and ways to benefit from tax reforms.

The Investment Choices And Opportunities portion of the seminar will make clear

insight into the various investment choices available today. Risks and opportunities for each type of investment will be discussed to help members determine which is suited to his or her specific situation.

Seminar attendees will also have the opportunity to learn about the various financial planning services available from Country Companies.

For more information about this free seminar, contact Richard Raftis, County Farm Bureau Manager at (312) 223-6506.

Make Voting Easier

Absentee voting for college students and for the disabled will be much easier beginning with the March 18, 1986 primary election, announced County Clerk Linda Hess. "This is due to recent changes in the election law," she explained.

Senate Bill 997, which became a law on Jan. 1, provides for the "Temporarily Absent Student Program." Under this program, students who are residing outside their precinct and cannot vote at their polling place will not need to apply for an application for a ballot before each election, as they now

must do.

"Instead, the student will make an application to the County Clerk's office, similar to the one we have for disabled voters, that will be effective for two years," she said.

"Here's how it works," explained Hess. "Once the student applies and his application is processed, the clerk's office is then authorized for a two year period to automatically send applications for ballots directly to the college he/she is attending. The student must complete this application for ballot and mail it back to the clerk's office, as is normal; and a ballot will be sent."

"Applications for the program are available now at the County Clerk's office and will soon be at municipal and township offices thru-out the County," said Hess. "In addition, we have mailed the

applications to all colleges in Illinois, so it will be easy for Lake Countians to apply," she continued.

The Legislature has also passed a law making voting easier for the temporarily disabled. After Jan. 1, a physician's signature is not required on an absentee ballot application for the temporarily disabled voter.

"This change was long overdue," said Hess, "and one that we lobbied for in Springfield. No other absentee voter must have a 'supporting witness' to support their reason for requesting a ballot, and the disabled voter shouldn't need a physician's certification either. Now all voters will be treated equally under the law," Hess said.

Questions about both programs can be answered by calling the Absentee Voting Dept.

Council To Hold Meeting

The Down's Development Council meets monthly at 7:30 p.m. on the second Monday of the month at the Ivanhoe Church, located on Rte. 176 just west of Rte. 60-83.

The membership includes parents, teachers, relatives and friends of individuals with Down's Syndrome.

Those who are interested in Down's Syndrome or related problems are encouraged to attend the sessions.

At its next meeting on Monday, Jan. 13, the Down's Development Council will provide a synopsis of its trip to Anaheim, Calif., for the National Down's Syndrome Congress Convention. Guest speakers Frank and Valerie Serritella will present the program.

For further information, call Nicki Neal at (312) 367-5267.

Society Schedules Meeting

The General Meeting of the Lake County Gem and Mineral Society will be held on Tuesday, Jan. 21, at 7:30 p.m., in the Waukegan Public Library auditorium, 129 N. County St., Waukegan.

Club member Ruth Mogg will present a slide show on rock-hunting field trips entitled, "Tripping the Fields Fantastic."

Guests are welcome. For more information, call (312) 623-1967.

January Is National Blood Donor Month

Calling blood donors "quiet heroes whose generosity preserves health and saves lives," President Reagan has declared January National Volunteer Blood Donor Month.

Blood supplies, traditionally low during January when elective surgeries increase and blood supplies diminish after holiday usage, dip even lower. The donations of all eligible donors are needed to avert a January blood shortage.

Every day in our community, volunteer blood donors save lives. Cancer patients, those undergoing

open heart or hip replacement surgery, accident victims and many others need life-saving blood transfusions.

The only source of these life-saving blood transfusions is the volunteer blood donor who unselfishly shares the "gift of life."

For a location to donate

close to your home or office, call The Blood Center at (312) 298-9660.

The Blood Center of Northern Illinois is a not-for-profit community service organization that coordinates the regional volunteer blood donor program.

Genealogical Meeting

The next daytime meeting of the Lake County Genealogical Society will be held at 10 a.m., on Thursday, Jan. 23, at Cook Memorial Library in Libertyville. The planned program is "Bring 'n' Brag time." Everyone is encouraged to bring something that belonged to an ancestor or something they have done with their family tree research that they would like to share with others. Anyone interested in family tree research is invited to attend the meetings.

Invite To Join Program

The Lake County Forest Preserve Dist. invites the public to join a program entitled "Winter Tracking" at the Ryerson Conservation Area on Sunday, Jan. 19, at 1:30 p.m.

Much of the area's wildlife is active through the winter months and the trails animals leave behind can teach a lot about their lifestyles and habits.

"Many people enjoy searching for signs of deer, fox and raccoon in the forest preserves when there is a light covering of snow on the ground," said Donald Strenger, president of the forest preserve district.

The program fee is .50 cents for Lake County residents and \$1. for out-of-county residents.

Call (312) 948-7750 for reservations and for more information about the other programs offered throughout the year.

The Ryerson Conservation Area is located on Riverwoods Rd., north of Deerfield Rd. and south of Rte. 22. The preserve is open everyday from 8:30 a.m.-5 p.m. and admission is free.

Meet Maureen Starshak...

"I enjoy the diversity of students at both the Grayslake campus and the Lakeshore campus. This reflects Lake County's population and enriches the student's learning experience. This diversity is also reflected in the county's governmental units which makes political science fun to teach."

Maureen Starshak teaches political science at both the CLC Grayslake campus and the CLC Lakeshore Campus in Waukegan. She holds a Master's Degree in Political Science from the University of Toledo. She has been a member of the CLC faculty since 1970.

Registration for Spring Semester is in progress now.
Classes begin January 21, 1986.

Case of Airport Paranoia

Over the years there has been both practical interest and fascination with the idea of establishing a third airport to serve the Chicago metropolitan area. With air travel continuing to grow and conditions getting more crowded all the time at O'Hare airport, the accepted wisdom is that another major airport someday will become a reality.

Where to locate the third airport appears to be the major obstacle. Funding the enormous project will be no problem. Politicians love to build big things. Once the site is identified, the money is sure to flow.

Since Republicans control the Collar Counties and sensing an opportunity to gain the third airport initiative, Rep. Lee Daniels, House Republican leader, suggested calling an advisory referendum on establishment of a third airport.

His GOP colleague, Sen. Jack Schaffer (R-McHenry), who represents a district including McHenry County and a substantial portion of west Lake County, quickly pointed out, "We don't want it around here." Schaffer is well aware of McHenry's outrage expressed over an inquiry into the feasibility of establishing a county airport.

Interestingly enough, there has been no public outcry in west Lake County over efforts to upgrade Campbell Airport, a small general aviation facility located south of

Grayslake and the Round Lake area, to a commercial status to serve industry in the Lakeland locality. The absence of airport paranoia may be due to the fact that none of the airport planners view anywhere in Lake County as a possible third metro airport site.

This means that the horizon is open for expansion of Campbell Airport.

We find no argument with Sen. Schaffer's view that his 32nd district already is burdened with highway problems and sewer system needs brought on by existing growth without dealing with new pressures that certainly will accompany the future third airport.

Establishment of another commercial air link somewhere in the northern metro area as is called for in the state's long range master transportation plan is quite another thing and that's where Campbell fits in. We don't think the existence of a modern regional airport will detract from our quality of life. In fact, an upgraded Campbell Airport should benefit a large segment of west Lake County and eastern McHenry County.

Expanding Campbell to fill existing commercial needs deserves enthusiastic support from all sides. We agree that proposed third major metro airport should be far from here, however.

Bypass To 'Save' Volo

Even as urbanization continues to change the face of our locality, one of the charms of living in Lake County is that in a matter of moments you can be in open country, communing with nature or visiting one of the quaint, rural hamlets that dot the local landscape.

Rural Volo is one of the clusters of homes and shops, dating from early days, that seemingly time has passed by. Residents of Volo like it that way and so do visitors who patronize the handful of businesses that lend identity to the crossroads community.

Fortunately, for everyone, it appears that the value of Volo's individuality is appreciated in many sectors because a threatening highway expansion project is slated to bypass Volo as it exists today, thereby preserving its rural heritage without

impeding transportation needs. Everyone should feel good about the agreement worked out with the Illinois Dept. of Transportation (IDOT) to reroute Rte. 120 which is due for expansion to four lanes south of its existing course. Construction is due to begin in two years.

Volo came into being more than 100 years ago as a gathering place for the neighboring German farmers who settled the rolling sector astride the Grant-Wauconda town line. Establishment of St. Peter's Catholic Church served as a magnet and a point of stability, but population never grew beyond several hundred.

The highway bypass may prove to be a boon because it will insulate rural Volo from the encroachment of urbanization.

Letter To The Editor:

Still Counting?

Editor:

The exorbitant legal fee fiasco appears to be the single accomplishment of our new T.I.P. party in Lake Villa Township.

It seems that these novice politicians do not believe in the old axiom "If it works, don't fix it." After hearing repeatedly about the huge deficits that they inherited from Fred Popp, et al party, how can they align themselves in a losing cause such as we are currently witnessing? The \$23,000 could have been spent for more worthwhile projects among the 18 or more associations who are currently finding it difficult to make ends meet-it would have paid for the insurance policy, repairing pot holes, etc. etc. This money, in my opinion, was foolishly wasted to feed the egos of amateur politicians whose only claim to fame so far is a Pizza Hut and MacDonalds.

We have witnessed their operations from the time they took office up to their frenzied attempts to accomplish "something"-rushing about to seminars...Springfield...Washington, D.C. in a crammed effort to come up with ideas to justify their many claims and campaign promises. So, at year's end, this is their accounting! i.e. a fight which is lost with a successful 50 year fire and rescue squad department an ordinance to levy a fee for using the township park facilities which were paid for by the tax-

payers to begin with-a township committee program that doesn't work-and more seminars and "work shops" that no one attends.

We, the tax payers, are paying for their liberal education and experimentation as to "how to be a politician". I hope we can afford this luxury.

Plant Uprooting Leaves Sadness As Legacy

by BILL SCHROEDER

Imagine General Motors pulling out of Detroit.

That gives you an idea of the impact of Charmglow Products leaving the Lakeland-Bi-State area of Antioch and Bristol for a new home in southern Illinois.

Unthinkable as it may seem, Charmglow, the pioneer gas barbecue grill, a staple in backyards across America and virtually a generic name after two decades, will be only a memory hereabouts in another two months.

The vagueries of corporate finance and holding company mentality, however, have deemed it necessary to transfer Charmglow Products from its home in Bristol Industrial Park to DuQuoin, which is better known for trotting horses as the one-time home of the famed Hambiltonian and a summertime circus-carnival known as the Southern Illinois State Fair.

"I hate to see it happen, but they have a perfect right to do what they're doing," remarked Walter (Wally) Koziol, the Antioch entrepreneur who founded Charmglow a quarter of a century ago and the man who is to backyard barbecue grills what Henry Ford was to automobiles.

When we pressed him the other day about what it will mean to life in these parts without Charmglow, Koziol approached the subject enigmatically. As he put it, "I've been out of it a long time."

For the record, Koziol sold Charmglow to the Beatrice Food conglomerate for a multi-million figure approximately 15 years ago. Several years ago William Rentschler, Lake Forest industrialist/publisher/promoter, acquired the company from Beatrice for Medart Corp., a holding instrument. Charmglow's actual parent today is a Medart subsidiary with the prosaic name of Allied Tube and Conduit Corp. of Harvey, Ill., where the wisdom came to fore that Charmglow should be uprooted for DuQuoin of horse and fair renown.

With a certain sadness in his voice, Koziol recounted how he launched Charmglow in 1960 as the first metal gas barbecue grill. He recalled how the product sort of languished

from its home in Antioch until being produced in cast aluminum. "Then it took off and we went national with distribution." Rapid growth resulted with Charmglow manufacturing facilities being relocated to modern new quarters in Bristol on Rte. 45 with offices following later. Koziol mentioned that competitors immediately sprung up as suburbanites flocked to their backyards to cook hamburgers on gas grills.

Ironically, Koziol now operates a business from the Antioch industrial area, Modern Home Products, that is perhaps the largest manufacturer and distributor in the nation of gas barbecue replacement parts.

Goodbye and good luck Charmglow, old friend.

CLOSING--Mr. and Mrs. Bob Cook are in the process of living a life-time dream--to live on a secluded island in the Caribbean. The haberdashery they've operated in Mundelein for more than 20 years is being closed and soon they'll be heading for their island in the sun. They've got their spot picked out and they'll be building a home. The long-time merchant says that their island is so out-of-the-way that mail service is sporadic.

TRAGEDY--Lydia Spray, who loves plants and music, returned from a holiday visit with children and grandchildren to find her home in Ingleside turned into an ice box.

"I was horrified. I couldn't believe what had happened. Fifty valuable plants were wiped out, frozen stiff," declared Mrs. Spray, who last fall produced an unusual blooming philodendron.

The plant lover described her home as "looking like a morgue." She said she is checking with the gas company to see why her heating system stopped functioning because it was in perfect running order before leaving.

Besides tending her plants, Mrs. Spray, 76, remains active by teaching piano and organ students. She is a former concert pianist.

Family

When Should We Start Child Nutrition Education?

Question No. 1—When should we start nutrition education with children? Answer: Remember, the baby is just beginning to establish good and bad taste habits, and these habits do not have to be the same as yours. Do not judge baby's likes and dislikes by your "educated" tastes.

You should test food before serving to baby for quality and temperature, but "not taste." Introduce plain-uncomplicated foods in order for baby to develop true likes and dislikes. Seasonings and sauces will be discovered without much planning on your part.

Education by reinforcement of example should start as an infant, by routinely offering water daily. As the child grows and begins to eat solid food, plan a balanced menu of three servings of vegetables and fruits to every one serving of meat, egg, or cheese.

As baby grows, pick out and plan on having available the best in "natural sweet" treats available. I advocate the use of honey, molasses, or pure maple syrup in place of refined processed sugar in food preparation. In order to decrease the amount of sweetening needed in each recipe, you may use one or more natural sweetening agents such as: pure vanilla, non-fat dry powdered milk, barley malt, natural unsulfured dry fruit, ground nuts, unsweetened fruit juice, or rice syrup.

These sweetening agents can be used for puddings, gelatins, and custards which would serve as healthy dessert items. Fresh fruit or "no sugar added" canned fruit is good for between meal snacks. Since most crackers, cookies, and macaroni products are made with white flour, they become empty calorie foods and need to be limited in daily menus. Another empty calorie food is refined sugar—the all-American reward.

How about substituting "love" for sugar as a consistent positive reward system?

Start at a very early age implementing and controlling a non-sugar, non-food reward system. How about an extra super-dooper hug or three kisses instead of one?

These signs of acceptance and love can be augmented, as the years progress, to include an extra bedtime story, extra trip to the library, and other creative rewards that are appropriate for your individual family. Most holidays and special occasions are centered around food and offer non-nutritious "goodies."

Again, with pre-planning, these items can often be replaced by healthy treats or at least limited. You don't have to have a birthday cake every day; save it for a special occasion.

MENU FOR CHILDREN'S BIRTHDAY PARTY (age 6 or younger)

Clown ice cream served on large serving tray around one layer round apple cake with pink or blue whipped cream.

Nut cups with dried fruits, nut, and seed mixtures as appropriate for age of children.

Fruit juice served in pop bottle with straw or plastic champagne glass.

CLOWN ICE CREAM

1 scoop vanilla ice cream, no artificial colors or flavors

1 natural ice cream cone (available at health food stores)

Place ice cream cone on top of ice cream, upside down to resemble a clown's hat.

Place cream cheese topping in a pastry tube to decorate cone and make a collar on the serving dish. To color the topping use strawberry juice for pink or blueberry juice for blue.

Add raisins and nut pieces for facial features. These may be made ahead and kept on wax paper in the freezer.

CREAM CHEESE TOPPING:

1/4 cup honey, 3 ounces cream cheese, 3/4 cup dry powdered milk (add after all other items are beaten smoothly), 1 T. butter, 1 t. vanilla.

This is a good item for graham cracker or brown bread sandwiches.

APPLE CAKE

1/2 cup butter, 4 eggs (separated), 3/4 cup honey, 2 cups whole wheat pastry flour, 2 t. baking powder, 2 t. cinnamon, 6 to 8 apples, peeled and cut in small chunks (not diced), 1 cup sour cream.

Cream butter and honey, add egg yolks and beat until smooth and creamy. Combine dry ingredients and add to butter mixture, alternating with sour cream. Beat well while adding.

Fold in apple pieces—delicious apples do not work well. It is best to use a variety of apples. Then fold in beaten egg whites. Place in greased loaf pan 9x13" or 2 round layer pans. Bake 40 min. at 350 degrees.

May frost cake with pure whipped cream—

for color and sweetening, add small amount of juice after cream is quite stiff.

Feta Cheese, Olives It's Greek For Me

I love the Greeks for three reasons: their olives, feta cheese and stuffed grape leaves.

The first two are a snap to enjoy. Between munches on French bread, I can put away enough olives and cheese to feed a platoon of Greek soldiers.

The third takes patience. It doesn't seem possible that one slender jar can yield dozens of grape leaves. The most difficult part of the preparation is getting the leaves out of the jar. First, I empty the brine, then gently pull the leaves and shake. If that fails, I refill the jar with water, drain and work the leaves out, always gently.

As I separate the leaves and rinse, I place the larger ones on a dinner plate and the smaller or imperfect ones on another plate. I pat them all dry with paper toweling.

Stuffing and rolling the leaves takes the most time. Whichever end you roll up, you must fold the sides like an envelope before the final tuck.

You'll most likely have to buy the grape leaves and pignolias, or pine nuts, at a Greek specialty store or a gourmet shop. The pignolias, as far as I'm concerned, make the dish. I purchased them, along with the leaves, at a favorite Italian store.

Stuffed Grape Leaves

1/2 cup finely chopped onion
1/3 cup olive oil
1 1/4 pounds ground beef chuck
1/2 cup uncooked long-grain rice
1 jar (2 oz.) pignolias
1 tablespoon dried dill weed
1 teaspoon salt
1/8 teaspoon black pepper

1/3 cup water
1 jar (16 oz.) grape leaves
2 tablespoons lemon juice
2 cups tomato juice

Saute onion in heated oil five minutes, stirring. Add beef and cook 10 minutes, stirring. Stir in rice, pignolias, dill weed, salt, pepper and water. Cover, reduce heat, cook 10 minutes and turn into bowl, allowing

Pilot Light GREG MELIKOV

to cool 20 minutes before stuffing. Drain grape leaves, separate, rinse and dry with paper towels. Line large skillet with imperfect or small leaves. Put one tablespoon stuffing in center of each leaf, fold in edges and roll up. Layer skillet with stuffed leaves, fitting snugly; repeat layering. Pour on lemon and tomato juices, bring to boil, reduce heat to medium low, cover and cook 30 minutes. Let cool slightly before serving. Yields about 45 stuffed grape leaves. Serves eight-nine.

Slate Seminar

Without clear warnings, silent disorders such as osteoporosis and stress-sneak up-particularly on women. To help increase women's awareness of these two health issues, The Women's Health Connection of Victory Memorial Hospital is sponsoring a breakfast/seminar titled "Breaking Points: Stress and Osteoporosis."

The seminar is scheduled for Saturday, Jan. 25, at the Victory Health Outreach Center, 121 Grand Ave. in Lake Villa. The program is free, however, advanced registration is requested.

(312) 356-5900.

A calcium-rich breakfast for preventing osteoporosis will be served between 8 and 9 a.m. After breakfast, William E. Woods, M.D., obstetrician/gynecologist on staff at Victory Memorial Hospital, will talk about osteoporosis.

Osteoporosis afflicts an estimated 15 to 20 million women. After age 45, women gradually lose bone tissue. Frequently, they do not know they have osteoporosis, or porous bones, until they fracture a bone.

Precinct Leaders Keep Parties Going

Unsung and sometimes unappreciated, the precinct committeeman is the bulwark of the American political system.

That's where the votes are cast and that's where the candidates win or lose.

A spot check of who's who in the precincts in Lake County shows why Republicans perennially dominate the local political scene.

A total of 334 Republicans have filed to run for committee posts in the March primary as compared to 83 on the Democratic side.

There are 389 voting districts in Lake County, which means that even the well organized and dominant GOP won't have a candidate in every precinct.

There are several townships...Cuba and Ela in the southwest part of the county...where not a single Democrat filed to run in the primary where precinct committeemen are elected.

Both party chairmen are in the race this year, a check of precinct candidates revealed, with Robert "Bob" Neal, the Republican county chairman, running in Newport Township and Jay Ukena, the Democratic chairman, running in Waukegan Township.

Attesting to the importance of grassroots politics is evidence of state and county officials seeking and holding precinct posts which is legal.

State Rep. Robert "Bob" Churchill will be on the ballot in two places, including a precinct position in Lake Villa Township as will

State Sen. Adele Geo-Karis in Zion Township on the Republican side and State Rep. John Matijevich of Waukegan Township on the Democratic side.

Working the precincts is a family proposition in the case of brothers Jack and Gordon Kiesgen of Grant Township, mother and son, GeorgeAnne Depke and Shawn Depke in Warren Township, and father and daughter, Raymond Lindroth of Libertyville Township and Marjorie J. Tylkowski of Grant.

Lindroth is believed to be the oldest precinct captain in point of service in the county, beginning his 50th year when reelected this spring.

Holding a precinct almost as long is Joseph Molitor of Round Lake, a Democratic committeeman in Avon

Township and retired Round Lake postmaster, whose service began during the New Deal era.

In the Lakeland area, three township assessors are seeking election as committeemen...Betty J. Niemi, Grant; Gordon Washburn, Warren, and Gerald Kristan, Avon. All are Republicans.

More and more Lake County Board members are holding precinct positions.

Lakeland area County Board members with dual precinct candidacies include Donna Mae Litwiler, Grant; Gerald Beyer, Wauconda; Neal, Newport; Jime Fields, Antioch; Norman Geary, Avon, and Patrick Wilson, Fremont. All are Republicans.

Spouses of well known politicians doing their own thing in the precincts include Robert Miller, Grant, whose

wife is Grant Township supervisor, and Stephanie Foreman, Warren, whose husband, Fred, is Lake County state's attorney. Both are Republicans.

Three former mayors from west Lake County are keeping their political interests alive in the precincts. They include Mike Haley, Antioch; Margaret Wood, Avon, former mayor of Third Lake, and Ted Flanagan, Lake Villa Township, former mayor of Lindenhurst.

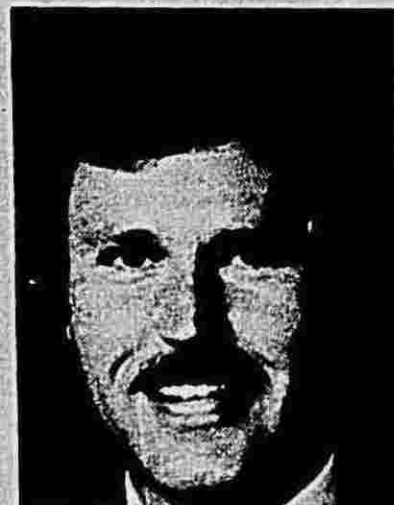

Mayor Colin McRae of Mundelein is an active GOP committeeman in Fremont Township and running for reelection.

Ventia McConnell of Wauconda hopes that her post as precinct leader will be a springboard to county-wide election as county clerk. She is a Republican

and is running against Litwiler for the GOP nomination.

Unpaid and often thankless, the precinct offices are important nonetheless in the operation of party politics.

The American system couldn't function without precinct committeemen.

Museum Holds Program

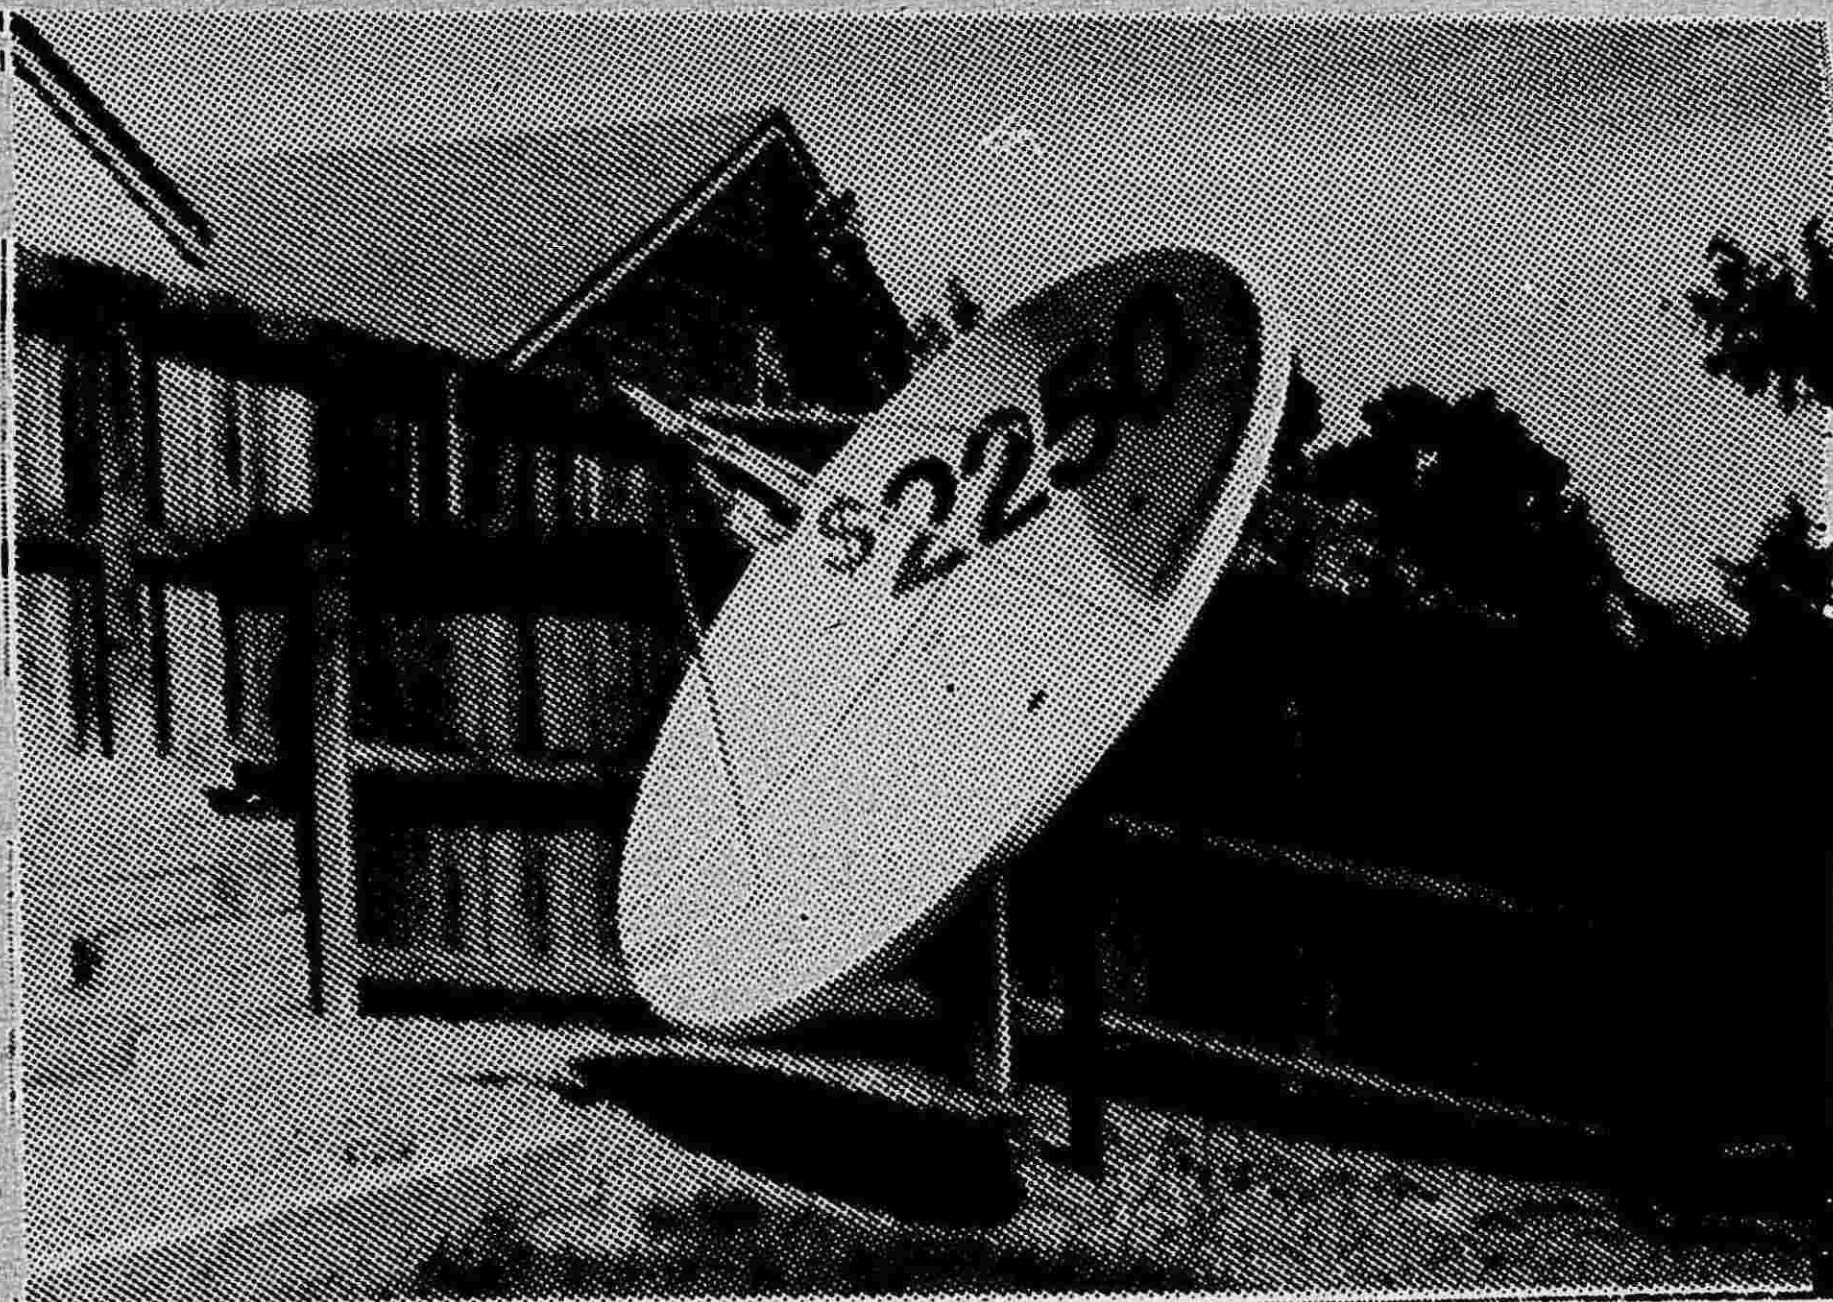

During the month of December, the Lake County Museum held its annual Old Fashioned Christmas program.

In conjunction with the program, a drawing was organized by museum staff member Thelma Shanks. The prizes consisted of mostly hand-made items donated by museum staff members and museums association members. The prizes included a wreath by Helen Helgren, a Victorian basket by Thelma Shanks, two toy packets donated by Rebecca Goldberg, a piece of pottery by Janet Gallimore-Smith, a Christmas mouse by Katherine Hamilton-Smith, a Christmas tissue holder by Chris Pyle, a quilted pillow by Ruth Mogg, a yearling goose by Jerry Robinson and personalized stationary donated by the Village Press in Libertyville.

Lake County Forest Preserve Dist. President Donald Strenger commented, "The hand-made raffle prizes were the perfect complement to the Museum's Old Fashioned Christmas program."

The Lake County Museum is located seven and one-half miles west of Mundelein on Rte. 176 in the Lakewood Forest Preserve. The museum is open daily, including weekends, from 1-4:30 p.m. Admission fees are: Adults-\$1, students and seniors-.50 cents, preschoolers and museum association members-free. Monday is a free day for all visitors.

BUYING A HOME SATELLITE DISH IS COSTLIER THAN YOU THINK.

Before you spend your hard earned money on a satellite receive dish you should learn the facts.

This year popular premium services like HBO and Cinemax will begin scrambling their signals with highly sophisticated electronic encryption devices.

And this new technique won't be

limited to just premium services.

Many basic cable channels like ESPN, MTV and CNN have announced their intentions to scramble signals.

What does this mean for satellite dish owners?

In addition to paying several thousand dollars for the purchase and installation of a receive dish, it will be necessary

to spend hundreds of dollars on descrambling equipment **plus** pay monthly service fees for each channel received.

Make your decision based on the facts.

**NOTICE
TO BIDDERS**

Notice is hereby given that the Village Board of the Village of Lake Villa, Illinois will receive sealed bids at the Village Hall, 65 Cedar Avenue, Lake Villa, Illinois (P.O. Box 176) until 2 P.M., local time, the 22nd day of January, 1986, for construction of Well No. 6, at which time and place the bids will be publicly opened and read. Bids will be acted upon at such time and place, or at such later time and place as may then be fixed.

The proposed work, officially known as Well No. 6 Plans and Specifications, were prepared by McClure Engineering Associates, Inc., 2025 Washington St., Waukegan, IL and are available for review at that location. The project consists of constructing a 10" well 160 feet deep, and installing a submersible turbine well pump with pitless adaptor capable of 250 GPM at 280 ft. TDH.

Plans and specifications may be obtained from McClure Engineering Associates, Inc., 2025 Washington Street, Waukegan, Illinois, 60085, for a non-refundable deposit of \$20.00.

Not less than the prevailing rate of wages as fund by the Village of Lake Villa or the Department of Labor or determined by the Court of Review shall be paid to all laborers, workmen, and mechanics performing work under this contract.

All proposals must be accompanied by a bid bond, certified check, bank-cashier's check, or bank draft, payable to the Village of Lake Villa for ten (10) per cent of the amount of the bid as provided in the instructions to Bidders.

The Village Board reserves the right to defer acceptance of any proposal for a period not to exceed thirty (30) calendar days after the date bids are to be received and to reject any or all proposals, and to waive technicalities.

Poconos: A Special Place For Couples To Meet

Years ago — about 40 or so — the Poconos became a special place for young couples to meet, usually while the man was on leave from the service during the war years. When he received a leave, his family and his girlfriend often drove to meet him in the Pocono Mountains located about 90 miles from New York City, about 120 miles from Philadelphia and various distances from the eastern training camps where servicemen were stationed.

Even then the Poconos offered some of the finest resorts in the East where families could be together and enjoy outdoor sports and activities and the ultimate in American cuisine. The Modified American Plan gave the family a one-price-pays-all package that visitors were comfortable with.

When the war ended, the young people remembered their visits to the Poconos fondly and chose to return for their honeymoons. From the first rustic cabin lodge that catered to honeymooners (where they kept house for themselves and took turns waiting on tables in the dining room), the glamorous multi-million dollar resorts of today evolved.

As one honeymoon resort after another appeared in the four-county, 2400-square mile Pocono area, they began to compete with one another to create the most luxurious suites, the most exotic decor, elegant beds and tubs and the ultimate honeymoon experience. In the late 1950s, one resort owner by the name of Morris Wilkins invented the ultimate bath tub... the famous Pocono heart-shaped tub. It was different... it was elegant... and

it was red. Life magazine carried full page color photos of the tubs and a Pocono legend was born. Couples came from all over the world to share the fantasy and luxuriate in the oversized, bubble-filled, colorful novelty.

But as the Pocono honeymoon industry grew, so did the imagination of its creators, and the same resort that gave us the original heart-shaped tub, Morris Wilkins' Cove Haven Resort in Lakeville, Pa. has now introduced an exciting new concept in bathing togetherness. The new Champagne Towers Suite of the Pocono Caesars Resorts boasts the all-new champagne glass tub complete with stem and providing its own jacuzzi bubbles.

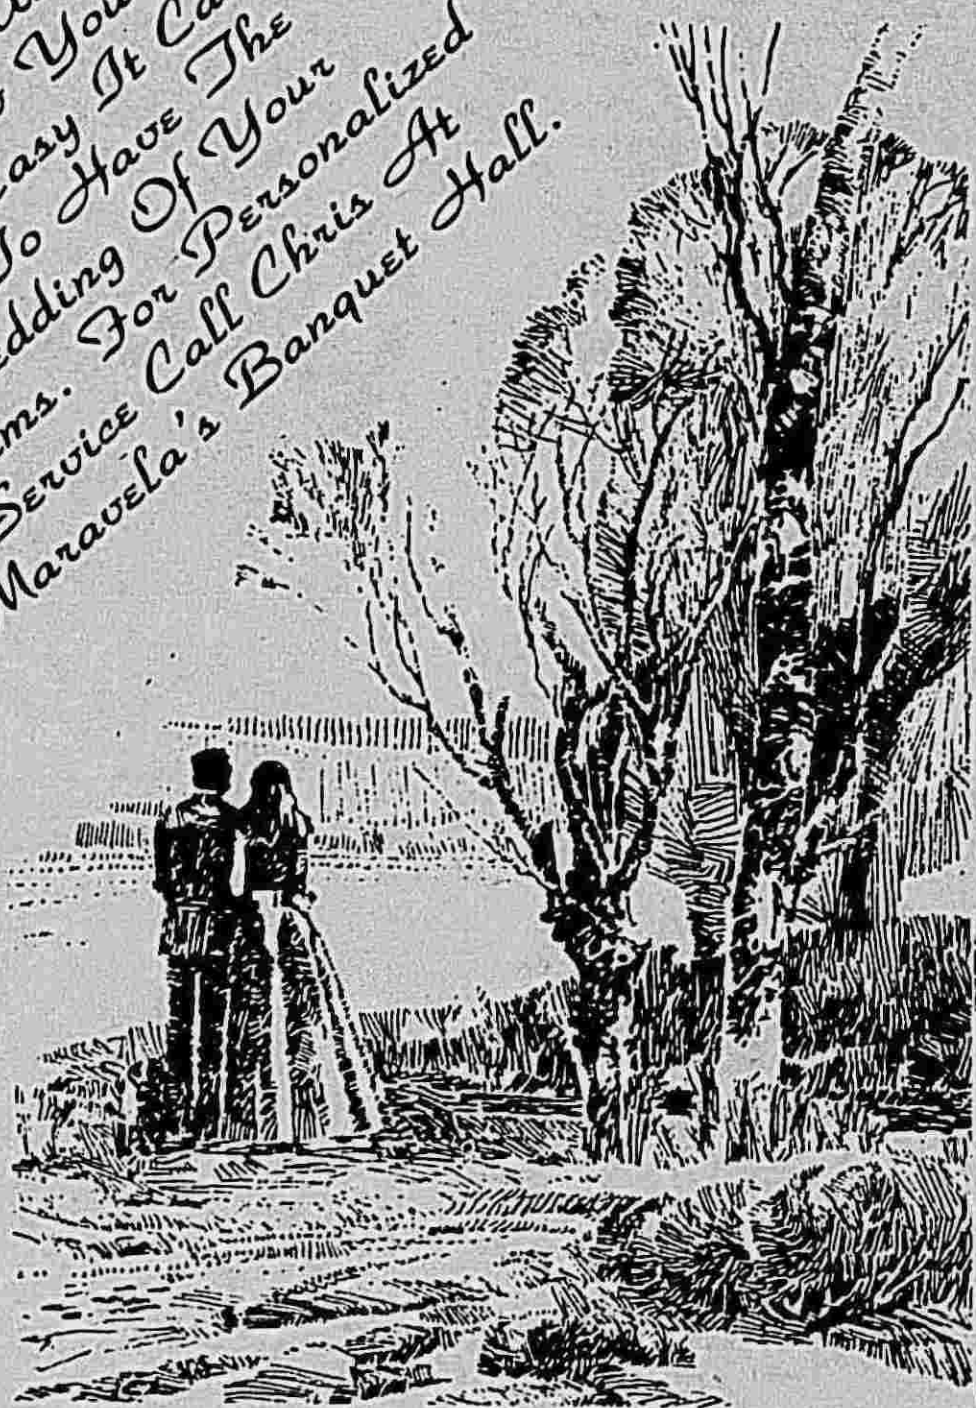

According to Dario Belardi, Executive Vice President of the Pocono Caesars Resorts, "The popularity of the Champagne Tower Suites is incredible. These suites are sold out months in advance, year round. We continue to build more as the demand is so great."

In addition to the champagne glass tub, the suites offer a log-burning fireplace, separate bedroom with a gigantic bed and the couples own in-room swimming pool and sauna. Nothing has been overlooked.

In addition to the Champagne Towers, the Caesars Resorts also offer other exciting accommodations including the Fantasy Apple, (a favorite of many couples), the Garden of Eden Apple, the Lakeside Chalets and more.

For more information write to Caesars Pocono Resorts, Box CT, Lakeville, Pa. 18438.†

Gifts Should Be Personal Items

It's the week before the wedding, and you still haven't thought of the perfect wedding gift for that special friend or relative. With more people marrying later in life, giving household items or pieces of a silver pattern is not always appropriate or affordable.

You want that gift to be something personal, chosen with the bride and groom in mind, something they can treasure for a lifetime, a gift that will deliver your best wishes for happiness. What's the answer? Consider a camera.

If you haven't been camera shopping for a while, don't anticipate sticker shock. Advanced engineering in today's 35mm cameras has created a variety of models in every price range. With the new automatic programmed cameras, there is no need to invest in a camera bag full of equipment. One high-quality camera can do everything for the photographer except frame the picture and push the button. When selecting the camera, approach it from the angle of the activities and interests of the bride and groom.

In addition to taking photos of each

other (and what honeymoon couple doesn't want to do that?), photography can enhance their individual hobbies, as well. The groom may be interested in world traveling while the bride is an avid rock climber. A camera can help them capture those special moments — preserving a sunset on the beach or recording the victory at the top of the mountain.

Total newcomers to the world of photography can operate rangefinder cameras featuring complete automation, such as the Pentax Sport 35 Motor. This type of convenience camera

can practically do everything for the photographer, from focusing the shot to setting shutter speeds and lens apertures. Some also offer automatic film speed setting, film loading, advancing and rewinding, and a built-in flash. Your gift of a fully-automated camera means the bride and groom can start taking photos as soon as they start their honeymoon.

For the couple who might like to add their personal creative touches to the photographs, a more versatile kind of camera, a single lens reflex (SLR), is an excellent choice.

Different Trends Emerging

Many women today are postponing marriage to establish a career or to experience a more independent lifestyle.

Nearly one quarter of all women getting married this year will be over 25. As a result, different taste trends in tabletop merchandise, specifically fine china patterns, are emerging at bridal registries across the country.

According to Alice Kolator, National Tabletop Consultant for Lenox China and Lenox China Crystal, who conducts bridal events nationwide, "There is certainly a difference, according to the age of the bride, in the

types of fine china patterns selected. Very romantic floral patterns appeal to a younger bride, whereas a bride in her late twenties or thirties prefers a simpler banded look or sophisticated asymmetric floral designs."

A new fine china dinnerware collection from Lenox, "The Metropolitan Collection," was designed for the older bride with its very sophisticated and fashion-oriented look that will appeal to an older couple's tastes and lifestyle.

When selecting fine crystal to coordinate with their fine china patterns,

Ms. Kolator observes that older brides prefer a more traditional look such as heavy cut designs or patterns banded in platinum or 24-karat gold. Younger brides often favor taller stems with frosted bases or colored bowls.

Ms. Kolator also points out that older couples usually have more established social circles and, therefore, entertain more often than their younger counterparts. "I always advise couples who entertain regularly not to be afraid of using their fine china. It's remarkably durable, and with proper care, it should last a lifetime."†

Diamonds: Best Friend

Diamonds are always found where love and a woman reign. All the hoped-for joys and fulfillments enfolded in the promise of love, the being cherished and knowing it, are locked securely in the radiant glow of a diamond — forever. Tradition is unable to name the day when the diamond was made the blazing guardian of love, so long has it brilliantly shone the way to an all-enduring happiness. Seemingly, women have always recognized the diamond as love's own stone.

Unfailingly, diamonds are a girl's best friend... all her life.

A Pleasant Combination For Showers

Souffles, champagne and dainty sandwiches are a pleasant combination for bridal showers or even a simple wedding reception.

Sandwiches are easy to put together. Just cut white or whole wheat bread into bite size rounds or triangles with biscuit cutters. Serve an array of three or four kinds such as: mustard mayonnaise topped with a very thin slice of cucumber, smoked turkey with cranberry orange sauce, a curl of smoked salmon with a snip of watercress and dill.

Individual souffles are sensational.

The Frozen Chocolate Cranberry Mousse is a chocolate lover's dream dessert.

Frozen Chocolate Cranberry Mousse

- 1 cup Ocean Spray whole berry cranberry sauce
- 8 ounces cream cheese, softened
- 8 ounces heavy cream
- ½ cup confectioners' sugar
- 1½ teaspoons instant coffee
- 3 egg whites
- 3 tablespoons cocoa

- 1 package unflavored gelatin
- ½ cup water
- Grated chocolate

Note: To make cuff on souffle, oil 2" x 8" sections of foil, wrap around top of the souffle dishes, oiled side turned in, secure firmly with tape.

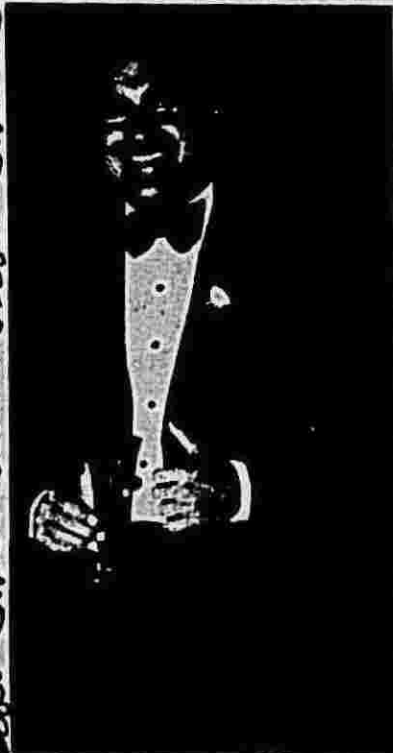

In medium size bowl beat cranberry sauce and cream cheese until smooth. Set aside. In small bowl beat heavy cream until peaks start to form, gradually beat in half of sugar. Refrigerate. Dissolve coffee in 1 tablespoon hot water. In medium size bowl beat the egg whites until soft, not

stiff, peaks will form; gradually beat in remaining sugar. Beat in cocoa and coffee. Set aside.

Sprinkle gelatin over water in small saucepan. Place over low heat, stir until gelatin dissolves. Cool slightly. Fold half of gelatin and half of heavy cream into chocolate mixture and fold remaining gelatin and heavy cream into cream cheese mixture. Spoon chocolate and cranberry mixtures into 2-cup souffle dishes — alternating the layers. Refrigerate 1-2 hours or until firm. Remove cuffs and garnish sides with grated chocolate.

Hints That Match Your Personality

How To Choose Your Silver

Here are a few hints to help you match your personality to a flatware pattern.

Are you creative by nature, in love with formality and old-world elegance? Then you will be happy with an elaborate pattern, artistic and rich in decoration. Are you an incurable romantic, taken by moonlight and sonnets? The simplicity and sweep of a gently curved pattern may be for you. Do you like the bold and different; do new horizons beckon? Do you like to entertain according to mood, formal on one occasion, informal the next? Your pattern may be in the no-

ble group, resplendent with heraldic motifs. Does the ultra-modern appeal to you, the Avant-Garde of painting, fashion, literature? Your choice could be a pattern more angular than most, weighty, unadorned and squared at the handle end.

Are you a country girl through and through, in love with the great outdoors, the pleasant informality of a buffet supper? A dainty flatware pattern is most befitting, of middle-weight and willowy in designs that employ flowers and leaves.

If you belong to the opposite pole, urbane and city-loving, look at the classic, slender and sophisticated pat-

terns with a high-fashion fluted grace.

You will probably find several patterns in the style that appeals particularly to you. Compare them side by side as they will look on your table; include their serving pieces. Take your time and make the following important tests.

Is each pattern perfect to the last detail? Does it bring out the beauty and grace of the finest sterling, reflecting light and color against different backgrounds? (The latter depends upon the finish, of which there are two: Mirror, highly polished finish; Butler, a satiny, soft shine as from repeated hand polishings.) Is each pattern uni-

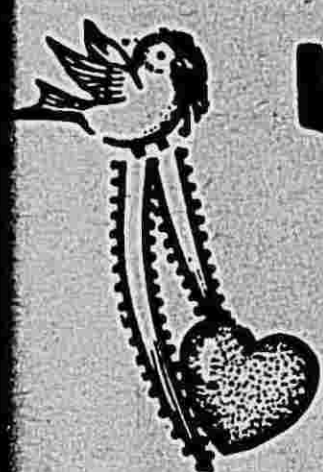

form on every piece?

Do your pattern choices have "stay put" quality? Set up a place setting on a flat surface. Do the pieces, especially the knife, wobble around? Flatware should remain flat on the table.

How does the pattern look in repetition around the table? An overly decorative pattern can be monotonous and boring.

Observe the structural design. Look at each piece in profile. Is there proportion, harmony and balance? Does each piece look appropriately suited to its job?

The distribution of weight is important.

YES, YOU CAN!

You may have seen many new satellite earth stations, or "dishes", installed in our area recently and asked yourself, "Are those dishes legal?" or, "Can I have one of those?" Well, happily the answer to both questions is YES. In 1984, the U.S. Congress approved home earth stations designed for the reception of satellite broadcasts. Not only are dishes legal to use, they are affordable, too. You can enjoy the freedom and wide variety of satellite television today.

It's Time To Visit A Nice Place: Major Trip Possibly?

With holidays and family get-togethers behind us, it's time to think of some nice place to visit...maybe a major trip, or perhaps, just a brief jaunt for a change of pace.

If the decision is for a long trip to a newly interesting place, try Hong Kong. It's no longer the scene of oriental, Old World intrigue as we used to think of it.

Today's Hong Kong changes constantly within our time frame. If a previous visitor, chances are it now has a new aura. If never seen before, it still is likely to be a surprise. Old World history that slowly brought it into being now cycles as fast as the computer industry.

Climate-wise, Hong Kong is similar to Mexico City, Miami or Hawaii. Right now temperatures average about 59 F through February, 70 F through May, with 82 F as the mean summer temperature. Humidity averages between 70 and 85 percent year 'round.

Hong Kong is administered as a British Crown Colony with a Governor appointed by the Queen. About 5-1/2 million Chinese and

English speaking people live in 411 square miles. They inhabit Hong Kong Island, the Kowloon peninsula and 235 other islands that border Canton on China's southeast coast.

The memorable way to see Hong Kong is by water aboard modern ferrys or authentic junks. A .09 cents, first class ride on the Star Ferryboat may be the world's best tourist bargain. Between islands, sample dinner stops at one of the many famous floating restaurants.

Nowhere in the world is Chinese New Year celebrated with such enthusiasm. The lunar calendar places it in late January or early February. This is the "Year of the Tiger" and is celebrated Feb. 9.

Winter's Arts and Lantern Festivals are outstanding. They combine art and talents of both east and west. Seasonal appetite tempters are Mongolian Hotpot, Lotus seed buns, or for the adventurous, street-side restaurants serve fresh snake. Chicken-like in flavor, this ancient Chinese favorite is still believed to remedy all kinds of ailments form rheumatism to impotence.

Hong Kong is a four season tourist city. Details are available from their nearby regional tourism office at 333 N. Michigan Ave., Chicago, 60601, or call (312) 782-3872.

Soft snow and crisp temperatures are now tempting travelers to sample the fluffy

inns and motels in Walworth County.

It's the season for search on cross country ski trails, or plunging down exciting slopes amid rosy, cheeked seekers of snow satisfactions. Little more than an hour away, call Geneva Lakes Visitors Bureau, 1-800-345-1020, or for pamphlets, write Walworth County Tourism, Box 1007, Elkhorn, Wis., 53121.

We are pleased to note that "Travelin' Around" and related information is recommended to members of the Upper Peninsula Travel and Recreation Assn.

Travelin' Around is considered a good medium for Michigan's Travel information which can reach a potential one million 500 thousand suburban visitors to the Upper Peninsula...so says their December bulletin.

Nominate Feeley

At the regular monthly meeting of the Board of Trustees of the Allendale Assn., Mr. Bernard Rinella, chairman, announced the nomination of Mr. Henry "Hank" Feeley, Jr. to a new one year term as trustee.

Hank Feeley is the Vice Chairman-Marketing Services, and a member of the Board of Directors of the Leo Burnett Advertising Agency of Chicago.

Allendale's Residential Center provides a year-round therapeutic group "living-learning" experience for the emotionally troubled child or adolescent who can no longer function

within the communities where they live.

Their problems necessitate a total multidisciplinary approach from the fields of special education, psychology, social work, therapeutic recreation and 24 hour child care.

This, coupled with regular psychiatric and psychological consultation, provides the corrective experience necessary for proper treatment, education, and care.

Mr. Feeley resides in Winnetka with his wife Mary-Diane and his four children.

Winter Ice Fishing Now At Crucial Point

For the winter ice fishing enthusiasts, and those who have never tried, we are now at the magic point of "first ice" on the Illinois Chain O' Lakes.

Those with ice fishing experience will confirm this as the best possible time...but it requires careful attention to the safe supporting thickness of ice. We have had reports of fine panfish catches in bluegill and crappie.

This is the year to concentrate on walleye on the Chain. The population is large and old enough to put tacklebusters on hooks. Be sure ice fishing holes are large enough to extract those big guys, too.

If such a situation does arise, try to really set the hook and then let the walleye or northern run. Start enlarging the hole on the opposite side of the line direction. If the line is very light, a heavy fish will break it and run. Be patient and gentle, tire it totally before trying to land it. Use a gaff hook for lifting because he gets heavier and more active when leaving the water.

Baits are a big question mark. Minnows are generally good because they are natural water inhabitants. Many varieties of weed worms, waxies, spikes and mousies...at any rate larvae...are equally popular.

Larvae boxes can be carried conveniently in pockets, so it's feasible to try

both minnows and larvae until fish preferences can be determined. Area bait shops have supplies and can advise of success stories from customers...a helpful knowledge to have beforehand.

A new book, Favorite Panfish Secrets, is published by Midwest Outdoors Ltd., in Hinsdale. Written by Ray Hanson, it concentrates on area angling and has a detailed section on ice fishing, much of which emanates sport shop or the publisher's book division. It's good Christmas gift, packed with tips and photos, for a year 'round panfishing guide useful to both experienced and novice anglers.

Another good source of fishing information will be from the fishing pros and tackle exhibitors at the five day Chicago Boat, Sports and RV Show, scheduled to drop anchor Wednesday, Jan. 8 at McCormick Place.

Anglers may attend daily clinics featuring such names as Babe Winkleman, Jimmy Houston, Hank Parker or Tom Mann, along with many others from Mercury Marine's National Fishing Team. Kids 12 and under fish "free" in the Huck Finn trout pond. Attendees may try out a multitude of equipment at the casting pond, or enter Trilene's Speedcast Contest, which will produce valuable prizes for the winners, to be awarded Sunday, the final

day. Snowmobilers and clubs may be interested in an initial major promotion of all snowmobile clubs in Wisconsin's upper eastern tourism sector. Their

Winterfest activities, scheduled through mid March, have instigated special Party Tours to supplement the usual snow tours.

Most are one day, 100

miles or less, but one lists at five days and 600 miles as its goal. Send for a free Winterfest schedule to Wisconsin's Northwoods Tourism Council, 1167 WG, Rhinelander, Wis., 54501. It

also includes the Northwoods Snowmobile Festival information which runs Jan. 10-26, utilizing thousands of miles of groomed, interconnecting trails covering 11 counties.

Round Lake's Big Three Flying High At The Present

by DAVID ZINN

In trying to wrestle the conference crown from last year's champs, the Grayslake Rams, the Round Lake Panthers are putting together a unique style of play.

Power, finesse and creativity are propelling the Panthers up in the standings with a 3-1 conference record and an 11-2 overall record.

Three players have made the difference, 6'3" Frank Ptak, 6'3" Doug Sparks and 6'7" Greg Kreitner.

The three seniors are all in the top 15 in county scoring and are averaging 44 points between them.

In a recent four-overtime victory over Grant (62-57), the three combined for 51 points as Ptak scored 21, and Sparks and Kreitner burned the hoop for 17 each.

In a NWSC game against Lake Zurich, the three scored 36 of the team's 46 points in a 46-43 victory.

On the season, Ptak is

sixth in the county in scoring with a 17.1 average. Kreitner and Sparks are at 14.6 and 12.7 respectively.

Ptak has been playing basketball for 10 years and hopes to get a scholarship to continue his playing.

"I hope to pursue a career in Mechanical Engineering," says Ptak, who has gotten offers from North Central and Kansas Wesleyan, but hopes to play for Northern Illinois along side Kenny Battle, who Ptak thinks is "unbelievably awesome."

When he is not playing basketball, he is either watching or talking basketball.

He has earned the nickname "basketball head" from Panther football coach Mike Dunny because most of the things he does is associated with basketball.

Ptak's favorite player is Michael Jordan because, "he plays with style and class," and doesn't like losing.

Doug Sparks hopes to play

baseball for Arizona State in college. He has gotten baseball offers from Augustana, Elmhurst and Carthege College, but does not rule out basketball in college.

Larry Bird is at the top of Spark's basketball list because, "he is a physical player and he can control himself."

But what Sparks really likes about the Boston Celtics star is that he knows what's happening on the court" and that "he is a winner."

Sparks has a full sports schedule all year long. In the fall he is in cross country, then basketball (winter) and baseball in the spring.

Spark's biggest influence is his father, Wayne. "He is very supportive of anything I do," "He shows me right from wrong."

Kreitner, at 6'7", is the tallest on the team and is now making his mark for the Panthers.

Kreitner had ankle injuries last season, but now

the healthy star is hitting the turn around jumper with ease and is scoring at will against the other conference centers.

Lake Forest and Elmhurst colleges have shown interest in Kreitner.

Chess Club To Hold Meeting

The Mundelein-Libertyville Chess Club will be meeting at 7 p.m. every Thursday during the months of January and February at Coldwell Banker (Community Room) Rtes. 176 and 45.

The meeting dates will be Jan. 9, 16, 23 and 30, and Feb. 6, 13, 20 and 27. Be sure to mark these dates on the calendar.

Following a recent change in the name of the club, the organization is reverting to its original name. For further information on the club, call (312) 566-6119.

Vaccinations And Dental Important For Your Pet

by CHARLENE WHITNEY

Most people know that their pet should have some vaccinations, especially the one for rabies. We will talk about these after we cover dental care.

Dogs don't get cavities like we do. They get a more serious problem called periodontal disease. This has to do with the gums and tissue around the teeth.

Also, periodontal disease is the cause of about 95 percent of all cases of bad breath in dogs. The food gets into a pocket between the tooth and the gum, and bacteria start to grow and live there. This results in foul breath, loosened teeth and a massive accumulation of unsightly yellow tartar.

Should this condition persist, it could result in loss of appetite, diarrhea, vomiting and irritability for your pet.

The plaque is soft at first and could easily be brushed away with a child's toothbrush and a mixture of 50 percent salt and 50 percent baking soda. Brush

vigorously the front and sides of the teeth.

If you don't wish to do this, then at least offer your pet the right size of biscuits, such as Milk Bone. Some of the problem is a result of soft food.

If you find that the soft plaque has become hard tartar, the veterinarian may have to clean his teeth with a pick like the dentist uses. The gums may become inflamed. You don't want your dog to have bad breath, terrible looking teeth which could possibly fall out, and sickness and irritability. Practice good dental care.

Injections for distemper, hepatitis, leptospirosis, parainfluenza, and parvovirus are now combined into one vaccine called DHLP-Parvo. Rabies vaccine is given alone and is very important.

Distemper is a viral disease that affects dogs' respiratory, gastrointestinal and nervous systems. It is highly contagious and most often fatal.

The first signs of

distemper is coughing, sneezing and a discharge from the nose. This vaccine should be given to pups six to eight weeks old. Older dogs should have annual re-vaccinations.

Hepatitis usually affects

The organism is spread through urination.

Humans can become infected by swimming in contaminated waters.

Parainfluenza is known as "kennel cough" or "canine cough." It is caused by a

Dogs of all ages are susceptible and this disease could result in death. Protection from this disease is very important for your dog.

Signs of Parvo are diarrhea, sometimes with blood and vomiting. Death can ensue in as little as three days.

Rabies is a disease that can infect man and animals. It affects the brain and is almost always fatal. The infection can be passed through a bite wound by an animal carrying the disease. In our country, it is found mostly in foxes, skunks, bats, dogs and cats. These animals are the main source of human infection. Vaccination to protect our pets against rabies is very im-

portant. It can save the life of your dog, a family member and insures the safety of the public. It is also the law that your pet have this vaccination.

Signs of rabies in animals are sensitivity to noise and biting moving objects. The time from bite to infection varies from about three to eight weeks.

All of these things may sound like a lot of things to vaccinate your pet from, but two shots may cover them all. If you really love your pet and want to keep him healthy, isn't it worth it? It doesn't really cost that much. Check with your vet and have your dog checked out for the best of health. You'll feel better knowing that you did.

Pet-Wise

the liver. Prolonged bleeding is one of the most serious consequences of hepatitis.

Signs can vary from a slight fever to depression and abdominal pain.

Leptospirosis is a disease that is contagious to both animals and humans. It is more common in male dogs as they are more exposed.

variety of viruses and bacteria. The lungs can become infected, causing pneumonia. For young pups, it could even result in death.

A symptom of parainfluenza is a dry hacking cough. Complications from this infection can be severe.

Parvovirus became a worldwide outbreak in 1978

Balance, Discipline Key Carmel's Surge

With three straight East Suburban Catholic Conference wins under their belts, the Carmel Corsairs can vault back into the thick of the title race by returning home successfully from two rugged road games this weekend.

Now 3-2 in the ESCC, the Corsairs travel to Marist on the south side of Chicago Friday night, Jan. 10, and encounter Joliet Catholic Saturday night.

Against St. Patrick last Friday night, the Corsairs displayed two qualities that could carry them a long way the rest of the season, balance and discipline.

Except for a disbelieving eight straight free throw misses from the end of the third quarter and well into fourth period, Coach Frank Belmont had to like what he saw in his Corsairs.

They refused to buckle when St. Patrick raced away

to a 21-15 first period lead, they put together four quarters of double figure scoring and three Corsairs wound up with double figures as Carmel defeated St. Pat 56-39.

Senior Guard Mike Curley of Wadsworth cashed two free throws in the fourth quarter to end the free throw drought and put Carmel comfortably in front 48-39.

The Carmel bench was beginning to fidget midway through the final period

when a three-point play by Doug Borders, St. Pat's 6-7 junior center, cut the Carmel lead to 40-37.

Keyed by a basket on a steal by Steve Brudzinski, St. Pat's offense was blazing until the 6-5 junior forward went to the bench for the rest of the game in the second period with an injured knee and a 27-21 lead.

The Corsairs kept to their game plan, though, and cut St. Pat's lead to 29-27 when Rob Graham put in a layup

just before intermission.

In the third period, Senior Guard Rodney Lambright of Waukegan closed to 31-30 after being fouled by Steve Terrell. Then the Corsairs went on a six point splurge on a jumper by George France, a layup after a steal by Rod Whittier and a jump shot by Graham before the Shamrocks took time out to regroup in the face of a 36-31 Carmel advantage.

Borders' three pointers, however, ignited Carmel in

the fourth quarter for six points and when the Corsairs regained their free throw touch the outcome was predictable.

Whitter paced Carmel with 15, followed by Lambright's 13 and Graham's 12.

Coach Jay Hoffman's undefeated sophs notched No. 13 with an impressive 46-40 victory, erasing a seven-point deficit. Jeff Zgonina topped soph scorers with 19 points.

Rams To Face Marengo

by DAN G. O'SHEA

After taking a three-game losing streak into a game Jan. 7 at Grant, the Grayslake Rams will be playing host to Northwest Suburban Conference basketball leader Marengo on Friday, Jan. 10.

The Indians were unbeaten in conference play entering this week with a 4-0 record. Grayslake returned to action with a 2-1 conference record and was 6-6 overall.

After 12 games, Grayslake's guards appear to be the strong point in scoring. The guards account for nearly half of the total

points the Rams have scored this year. Senior guard Tom Castino leads the team in scoring with 163 points, an average of 14.8 for the 11 games he has played.

Forward Jeff West follows Castino with 68 points, 5.7 average per game. Senior guard Kelly Bye has scored 66 points and averages 5.5 per game. Junior guard Butch LeNoir is next with 63 points, averaging 5.3 per contest. That puts three guards among the top four scorers.

Center Ken Melton has 59 points on the season for a 4.9 average and Daryl Mackenthun, who has seen

action at both guard and forward, has a 5.8 average in 10 games with 58 points.

Forward John Lui netted 57 for a 4.8 average and center-forward Bill Sangbusch has 41 points for a 3.4 average. Forward Andy Flood rounds out the regulars with 39 points after 10 games for a 3.9 average.

Castino is also tops on the team in shooting free throws, making 51 of 70 from the line for a 73 percent shooting rate. Lui is accurate 68 percent of the time, making 19 of 28. Bye had made 16-25 for 64 percent and Mackenthun has netted 60 percent of his free throws, or 12 of 20.

A Look At Sports Around Lake County

By Joel Wiltberger

Zurich Tops NWSC

by DAN G. O'SHEA

Lake Zurich looks like the team to beat in the Northwest Suburban Conference girls basketball race.

As a team, Lake Zurich is averaging 67.6 points per game. Senior Lisa Foss leads their super-productive offense with 291 points in their first nine games, averaging 33.4 per game. The Bears are 3-0 in conference and 8-1 overall. Foss seems to be the key for them.

Grayslake had a weak turnout for its varsity team with only eight girls trying out this year. A junior, Lisa Coxon, is the leading scorer. The Rams are 0-1 in conference and 2-5 overall.

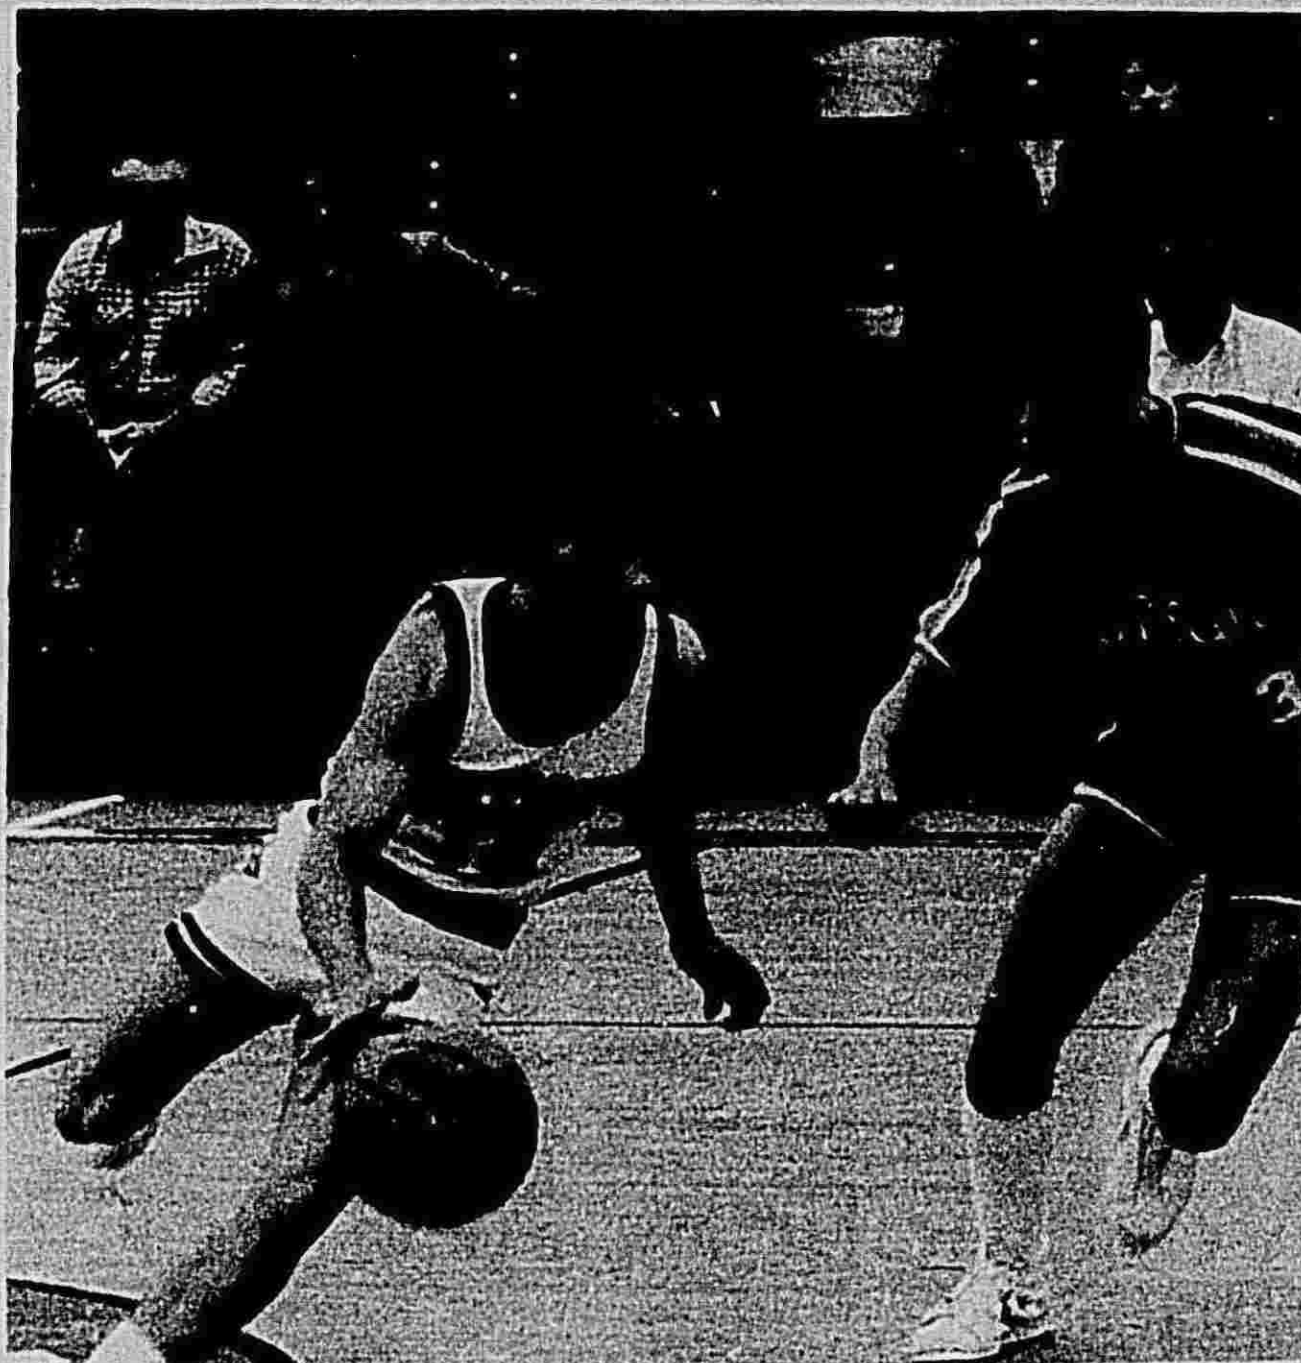

Grayslake was scheduled to play Marian Central on Jan. 7 and will go against Grant at Fox Lake on Thursday, Jan. 9. The Rams previously beat the Marian Hurricanes in the Cary-Grove Christmas tournament 65-36.

The Round Lake Panthers, led in scoring by six-foot Johanna Steger, are 0-2 in conference and 2-8 overall. They were scheduled to play Grant on Jan. 6 and Wauconda on Jan. 8.

Grant has a 3-5 record overall. Wauconda has lost five of six games.

Host First Home Meet

During the month of December, Camp Duncan YMCA Dolphin Swim Team hosted their first home meet of the season against the Waukegan YMCA. Under the direction of Head Coach Frank Bessette and assistant coaches Shirley Koch and Colleen Ferrigan, the girls triumphed 142 to 131, but the boys took a beating 186-73.

The swimmers are very enthusiastic, but the Dolphin's downfall is the lack of swimmers. Points cannot be scored unless events are filled. There are a few more swimmers this season and hopefully more swimmers will be recruited to join and stay with the team.

Following is a list of finishers at the meet.

Cadet Boys - eight and under: 25 Free - Ryan Benson (2) and Rodney Behm (3); 25 Fly - Eric Turley (2); 50 Free - Rodney Behm (3); 25 Back - John Hoffman (2); 100 Free Relay - Eric Doersam, Rodney Behm, Eric Turley and John Hoffman (1).

Senior citizens who are having trouble paying their Real Estate Taxes were helped by a new law that was passed in 1984.

This law allows senior citizens that qualify to defer all or part of their property taxes on their personal residence. The deferral is a loan by the State of Illinois with a 6 percent interest rate to be repaid after the death of the taxpayer or at the time the property is sold.

To qualify, individuals must: be 65 or over 6-1-86; have a total income of

\$14,000.00 or less; have owned a home in Illinois for at least three years; must own the property (the property must be used exclusively for residential purposes).

Forms for application are available at the office of Jack L. Anderson, Lake County treasurer. Anyone with questions should call (312) 689-6363.

The deadline for filing this tax deferral is March 3. No applications may be accepted after that date.

Slate Tax Sessions

The Lake Villa Dist. Library will again sponsor consulting sessions for senior citizens who need help in preparing their taxes.

John Harkins will be available at the library on Mondays, from Feb. 3 to April 14 between the hours of 1 and 4 p.m. to assist seniors with their tax forms.

Those interested should bring in last year's tax return, and all necessary records. Sign up is not necessary, and the service is free to the public.

Install New Drive-Up System

First Midwest Bank/Lakehurst is installing a new drive-up system. President Ralph R. Leonard said the new Diebold Visual Auto Teller 12 will be easier to use and faster than the current system. The new carrier, for example, will be larger, allowing customers to more easily insert large transaction materials without excessive folding or bending. The customer will simply remove the carrier, insert the materials and replace the carrier. When the customer closes the door, the carrier is automatically dispatched to the teller.

First in...a series of "tax tip" articles provided by the National Society of Public Accountants and their affiliated State Societies.

Q.—My daughter is receiving a scholarship to pursue her degree in journalism. Will any part of the scholarship funds be taxable to her?

A.—No. Generally, scholarships provided to degree candidates at educational institutions are not taxable to the recipient.

Q.—What is the standard mileage rate for business use of automobiles for 1985?

A.—The standard mileage rate for business use has been increased to 21 cents per mile for the first 15,000 miles, and 11 cents per mile thereafter. The standard mileage rate for charitable contribution work is 12 cents per mile, and the standard mileage rate for medical transportation is 9 cents per mile.

Q.—I retired from the Army in August 1985 on disability. I have been receiving military disability retirement payments as a result of a heart attack and high blood pressure. I entered the Army in November 1975, and have been stationed stateside, except for 3 years in Europe. My accountant has said that only a portion of my disability retirement pay is exempt. My neighbor, who is a sergeant retired on disability in 1974, said my accountant is wrong. All of the disability pay is non-taxable. Who is right?

A.—Your accountant is right. Amounts received as a military disability pension can be excluded from gross income if: (1) the recipient was entitled to receive a pension on or before September 24, 1975; (2) the recipient was a member of the military on such date; or, (3) the pension was received as a result of combat-related injuries. You can, however, exclude as much of your pension from taxable income as you would have received from the Veterans Administration had you applied to the VA for disability payments.

Lambs' Tennis Ball A Successful One

Over 400 guests enjoyed an evening of action-packed tennis, gourmet food and entertainment at the Ninth Annual Lambs Tennis Ball at the Touhy Tennis Club in Skokie.

Highlights of the ball in-

cluded a guest appearance by tennis pro Cliff Richey, a drawing and a silent auction of hundreds of spectacular items.

As in past years, the tennis ball is made possible by the generosity of many cor-

porate and individual donors. American, Eastern, Southwest and Midway airlines provided the roundtrip airfare to vacation spots worldwide, and to make vacation packages complete, international hotel chains, including Hyatt,

Westin, Doral and Krystal hotels provided The Lambs' Tennis Ball with deluxe accommodations.

In keeping with the sport of the evening, several health and tennis resorts contributed package deals for fitness aficionados. Two Florida hot spots, the Colony Beach and Tennis Resort and Laver's Tennis Resort; the Wickenburg Inn Tennis and Guest Ranch in Arizona; the Grapetree Beach in St. Croix and the heartland Spa of Illinois provided the ultimate in getaways for tennis buffs in attendance. Several Chicago hotels, including the Drake and the Ritz-Carlton, also donated spectacular weekend packages.

These donors, along with hundreds of other contributors and participants, helped to raise \$70,000 for The Lambs, a non-profit

vocational and residential center for mentally retarded adults in Libertyville.

The event, chaired by Mr. & Mrs. Cyril Rosengarten of Winnetka, has proven to be one of the most successful fundraisers in Chicagoland.

Next year, The Lambs' tennis ball will celebrate its 10th anniversary and it is hoped that the event will be even more successful.

Army Spec. 4 Gerri L. Slappy, daughter of James L. and Marilynn F. Slappy of 690 Chandler, Gurnee, has arrived for duty with the 1st Cavalry Division, Fort Hood, Texas. Slappy, a signal channel radio operator, was previously assigned in West Germany. She is a 1977 graduate of North Chicago Community High School.

Ministry Center Accepting Sign-ups

The Ministry Center of Lake County is accepting registrations for its Spring offerings, which include courses in Moral Issues and New Testament teachings.

Workshops on Coping with Stress and Burnout, Active Parenting and Ministry to the special Needs of Youth are also offered.

The Ministry Center is an interdenominational center founded to nourish people to better use their own gifts in service to others and to provide opportunities for fellowship among the people of Lake County.

Courses begin the week of Jan. 13, and college credit for them is available through Loyola University.

Workshops last from one to six sessions and are offered at locations throughout the county. For information on fees and locations for courses and workshops, call (312) 546-8788, or write the Ministry Center of Lake County, P.O. Box 380, Mundelein.

Crane Reminds Young Artists

Twelfth Dist. Congressman Philip M. Crane has reminded young artists in the district that they once again will be given an opportunity to participate in "An Artistic Discovery."

The project, an event designed to uncover creative talents of young Americans, is sponsored by more than half of the members of Congress.

High School students from across the country take part in the competition which is carried on at no expense to the Federal Government.

Interested students should contact their high school art instructors. All high school art departments in the 12th Dist. have been informed.

The art work of the 12th Dist. winner will be placed in the 1986 Artistic Discovery Exhibition in the United States Capitol.

Brett, Wauconda's Favorite Son Dies After Long Struggle

By SUSAN MONTGOMERY

Wauconda's favorite son, three-year-old Brett Wethington, died following a long struggle against a rare liver condition.

The youngster, whose struggle to find a suitable donor liver gained nationwide attention, died on Jan. 2 at the University of Pittsburgh Children's Hospital. Hospital officials said the cause of death was liver failure.

He had been at the hospital awaiting a donor organ for a third transplant operation. Brett's condition started to show signs of more problems after a liver from a second

operation last September began to fail.

His condition deteriorated when an aneurysm developed in an artery, restricting the blood flow from the heart to the liver.

Finding a suitable donor organ became difficult because the donor had to have the same blood type, B positive, and also had to be smaller than Brett, who was 24 pounds.

Since their son's birth, Ed and Leslie Wethington were aware that Brett's battle against a rare liver condition depended upon finding a donor liver. The liver disfunction was caused by

biliary atresia, or the closure of bile ducts in the liver.

The first transplant operation came on Aug. 31 after Brett's own liver failed. With only a few hours to live, he was flown to Pittsburgh Hospital. There, as his condition worsened, a donor organ was found.

Signs that Brett's body was beginning to reject the organ occurred two weeks later. A second donor organ became available shortly afterwards.

Throughout his struggle, Brett won many hearts as friends and well-wishers contributed to a fundraising effort to defray the costs of the operations. Over \$160,000 were raised in support of the cause.

Forms Now Available

Continuing the practice of offering special services for the people, State Representative Dick Klemm (R-63rd Dist.) announced that, by Jan. 15, most federal and state tax forms will be available in the district office.

Many citizens who have moved since filing their last tax forms did not receive

their I.R.S. and Illinois 1040 income tax forms in the mail, because they are not forwarded according to Klemm.

Klemm's district office, located at 3 W. Crystal Lake Ave., Crystal Lake, is open 9 a.m. to noon, Monday through Friday. The telephone number is (815) 455-6330.

Starting Out...Starting Over... Or Starting A New Job...?

There are a lot of reasons why people decide to rent instead of buy. For one thing, a good credit record isn't that easy to establish these days. If you're just starting out, chances are you've never needed credit before now - and you probably don't have a lot of money saved up, either. If you're "starting over" - well, that's difficult enough in itself, without the added weight of credit hassles and long-term commitments. And if you just started a new job - even though you may be making more

money - you may still have trouble getting credit, because most credit agencies put a great deal of importance on how long you've been at your job. That's why, with or without a credit record, we've made it so easy for you to RENT the things you want from RENT-A-CENTER - and still have the option to own! So don't let the high cost of buying get you down: Step up to RENT-A-CENTER today - and have the things you want delivered to your home tonight!

Cuneo Proposal

Libertyville Twp. Supv. F.T. "Mike" Graham outlines portions of the Cuneo property in Libertyville Twp. eyed for acquisition by the township board to Twp. Trustee Carol Calabrese. The maps shown illustrate two alternative plans the township is proposing for the use of the land. Graham said the township would either seek to purchase only the development rights or make an outright purchase of both the land and the development rights. The majority of the land the township is considering lies in the upper left quadrant of the maps and would be retained for open space.

Unveil Preliminary Open Space Plan

Libertyville Twp. trustees unveiled a preliminary outline for the development of a comprehensive open space plan on the 1,200-acre Cuneo estate in outlying Libertyville Twp.

"In the past few weeks, the township has been working to outline a plan listing some parcels that were in danger of being annexed and zoned as priorities for the plan," said Libertyville Twp. Supv. F.T. "Mike" Graham.

Graham said that although

the township board intends to hold a public hearing regarding other parcels also listed as priorities for open space areas, the board agreed to expedite their proposed plans for the Cuneo property because of the controversy surrounding the issue.

"What we are presenting now are two working drafts of the property that have been made available to the village," Graham said.

The two alternative drafts outlined a similar portion of the property that for which the township would either purchase only the development rights, or make an outright purchase of both the land and the development rights.

Graham said he hoped that the effect of the plan would enable the township board and Libertyville village trustees to work together on a "rational program that makes sense with respect to the basic character of the land."

The preliminary plan drafted by Lane Kendig Inc. of Mundelein would allocate approximately 800 to 900 acres along the northern portion of the property for recreational use.

Areas along Milwaukee Rd. would remain in keeping with the existing character. The southern portion would be eyed for further industrial development.

"This plan would give us an overall perspective for future use," said Charles Seeman, land acquisitions attorney from the firm of Seeman, Larson and Purdy.

One issue that raised concern from area residents at the meeting was how the property would be maintained if all of the funds were put into acquisition.

"The plan will look at the best use of the available dollars," Graham said. "With the open space opportunities that confront us, land acquisition is probably the priority for the use of all the funds."

Graham said he thought any increase beyond funds generated from a recent bond issue would be "minimal."

"There are ways to offset costs that might be incurred other than property tax," said Libertyville Twp. Trustee Larry Alkire.

Officers To Testify Before Grand Jury

Officers of three police departments were scheduled to testify before a Lake County Grand Jury Wednesday, Jan. 8 about possible indictments against two women who forged an estimated \$20,000 worth of checks.

Fox Lake Police Sgt. James Busch, Antioch Police Lt. Thomas Fischer and McHenry City Sgt. Gary Wigman were scheduled to appear in court.

Two women—one from Antioch—were arrested after they went on a six-day shopping spree by forging checks with the name of Colleen Follmann.

Alicia Larson, 22, of Schaumburg, and Cynthia Lloyd, 25, of Antioch, were arrested in late December and charged with forgery.

The two women, police say, planned the scheme after the purse of Follmann was

stolen from her car in the Oak Brook Shopping Center in May. Larson renewed Follmann's driver's license in October and the two women ordered checks with Follmann's real bank account number on them from a religious clearing house in Texas, police said.

On Dec. 27, a \$250,000 bond was set for Lloyd and Larson was later arrested on a \$50,000 Jane Doe warrant.

The investigation included police departments in 11 villages and cities, including Chicago and Waukegan, and the U.S. Postal Service.

Forgery is listed as a Class 3 felony which is punishable by 2 to 10 years in prison or probation or conditional discharge, not to exceed 30 months, or periodic imprisonment, not to exceed 18 months.

Dentist Aspires Next Mr. U.S.A.

Val Vallese is an oral surgeon, but he also has hopes to be Mr. USA.

Sounds like an unusual combination, you say? With good reason—"For most men in the professional ranks, body building is a life aspiration. Most are sponsored by gyms and train all day long," says Vallese. In his case, however, a professional career takes up at least eight hours of his day.

"It would be easier for me if I wasn't working so much. But the only really tough time is right before the competition," Vallese confided. The 27-year-old dentist, who practices in

Antioch, has missed a total of four work days due to competitions.

In the last three years, Vallese has ranked high in a number of body building competitions. In 1984, he earned the title of Mr. Wisconsin and placed second in the Mr. Midwest competition.

In 1983 the Lake Geneva resident earned the titles of Mr. Milwaukee and Mr. Badger. In June he placed in the top five in the Jr. Mr. America competition, which qualified him to compete for the Mr. USA title.

Vallese entered his first body building competition in 1982 while in dentistry school at Marquette University. A man he worked out with entered a power lifting event at the YMCA and nudged Vallese into entering the association's body building competition.

From there he used body building not just as a diversion from academic stress, but as a competitive sport. He has a trainer at the Weight Station in Lake Geneva and his older brother from New Jersey travels to competitions as his manager.

Twelve weeks before a competition, Vallese will work out twice a day six days a week. He will lift weights from 5:30 to 8 a.m. and practice aerobics and posing techniques for an hour in the evenings.

Vallese says his social life deteriorates during that time. "I'm always dieting and working out. I've lost up to 30 pounds before a competition."

Vallese, who tries to compete in at least one body building competition a year, may get his weight up to 220 and then come down to 190 right before a contest.

During the months away from a contest, Vallese cuts his workout sessions to four days a week, but he is set on staying on a rigid eating schedule: "I eat every three hours. I have to get up early to pack all the food I'm going to eat all day."

Vallese, who is busy training for the Mr. USA competition in July, has taken an interest in modeling and has done commercials for N.E.C. and Dungeons and Dragons. He has done modeling for Pabst Brewing, Johnson Wax, John Deere, Olympia Beer, among others.

He also captured a part in the made-for-television feature film "Dreamweaver." Most of Vallese's modeling and commercials were done while in school, but he still takes occasional jobs.

Vallese says he doesn't like to drink alcohol, watch TV or sit around during his hours away from work.

The body-builder/dentist refuses to get wrapped up in a job. "You don't live so you can work, you work so you can live," is Vallese's philosophy.

THANK YOU -- My sincere thanks to all my dear friends, neighbors, and family, for all their prayers, gifts, and get well wishes. Also, thanks to Father Duffy for the beautiful mass before my surgery, and to Deacon Dick Daniel for coming to my house on Christmas Day to give me Communion. Wishing you all a very Happy, Healthy New Year.

Belt Law Works, Fatalities Down

"Our Safety Belt Use Law is working over the long term to save lives in Illinois," declared Lois Robinson, executive director of the Illinois Coalition for Safety Belt Use.

"The provisional statistics on auto occupant fatalities for December and for 1985, released by the Illinois Department of Transportation (IDOT) and the State Police, serve to confirm our confidence in the effectiveness of this vital traffic safety measure."

Robinson said that the provisional fatality figures for December, 1985 indicate a reduction in auto occupant deaths of 24.2 percent from December, 1984 and a 19.1 percent decrease from the average for the past five Decembers. It is also significant, she noted, that occupant fatalities for the six month period in which the safety belt law has been in effect in Illinois (July through December) were down 13.6 percent from the five year average for that period.

"It is the five year average figures for the six month period that prove to us the safety belt law is having a positive impact on traffic safety," Robinson stated. "We have always believed that the reduction of auto occupant deaths and injuries through the use of safety belts is a long term proposition. While safety belts themselves offer a 'quick fix' for the appalling tragedies of highway deaths, getting drivers and passengers to get in the habit of buckling up takes time. That's why the members of the Illinois Coalition for

Safety Belt Use have embarked on a long term effort to encourage universal statewide compliance with this lifesaving law."

In commenting on the December statistics, she noted that safety belt use can take part of the credit for the reduction in deaths, with the widely publicized crackdown on drunk drivers and the bad weather during most of the month being additional contributing factors.

"We believe the figures show that Illinois drivers and front seat passengers are beginning to get in the habit of complying with the safety belt law," she said. "However, we are far from satisfied with the overall level of compliance. Far too low a percentage of our citizens are buckling up for safety, even though the law has been on the books for six months. We need to increase our efforts at safety education, and we must have increased enforcement by our police officers if we are to see the saving of lives we know this law is capable of."

According to IDOT and the State Police, provisional figures show occupant fatalities in December numbered 76, down by 17 from the 93 occupant deaths recorded in December, 1984 and 18 fewer than the five year average of 94 occupant deaths for the month of December. Total occupant deaths for the six month period July through December were 502, a reduction of 79 from the five year average of 581 for the same period.

Deaths Down

The Supt. of Illinois State Police, Laimutis A. Nargelenas, has announced the latest provisional figures which indicate that during the month of December, 1985, 194 persons died from injuries sustained from traffic accidents on Illinois streets and highways.

State Police, Dist. 2, which covers Lake, McHenry, DeKalb, Kane and DuPage Counties, reports 254 persons were killed in these counties since Jan. of 1985. Two hundred and thirty-eight persons were also killed during the same period in 1984 in these counties.

A breakdown of the counties for statistics in December, 1985, shows Lake County, four fatalities; McHenry County, three fatalities; DuPage County, six fatalities; Kane County, three fatalities; and DeKalb County, one fatality.

As a comparison for December, 1984, Lake County had three fatalities; McHenry County, 10 fatalities; DuPage County, four fatalities; Kane County, four fatalities; and DeKalb County, had zero fatalities.

There were 1522 persons killed in the entire state in 1985. There was 1546 persons killed in the same time period of 1984, showing a decrease of twenty-four.

Guest Speaker

Cong. Phil Crane, who represents a large portion of Lake and McHenry counties, will be guest speaker at the annual fish fry sponsored by Warren Township Republicans. The event is scheduled for Friday, Jan. 24, at the Rustic Manor, Gurnee. Tickets are available for \$10 each. There will be a cocktail hour at 6 p.m. with meal service beginning at 7 o'clock. Crane is a highly regarded spokesman for the conservative cause in the House of Representatives.--File photo.

Grayslake Plans For Old Time Hoe-Down

An old time barn dance will be held Saturday Jan. 25, 7:30 p.m. at the Grayslake Park District Building, 42 South Seymour, downtown Grayslake.

This dance is the first in a series of barn dances to be held the last Saturday of the month presented by the Grayslake Park Dist. Other dances are scheduled Feb. 22 and March 29.

The "Old Time Dances" will be called by "Uncle" Roy Reinholds with live music provided by Ron Brown on fiddle and his wife Sandy on guitar. They will play old time tunes that have been danced to by Americans of yesteryear at grange halls, old barns and big city lodge halls and ballrooms.

According to Uncle Roy, barn dancing differs from modern "Mainstream" and "Plus" square dancing in that there is always live music at barn dances and

the dances tend to be more traditional.

When needed the old time dances and figures are "walked through" before dancing. In this way, the newcomer to barn dancing will be able to dance along with the more experienced dancer.

Costume is not important in barn dancing. Matching ladies dresses and men's shirts are not necessary - many women come to the dance wearing jeans.

All the people of Grayslake and surrounding communities are invited to attend these Saturday-night barn dances. They are recommended for children as well as adults, with or without square dancing experience.

Dancers will be able to enjoy folk tradition that people of North America have enjoyed since the founding of this county. The admission is \$3.

For more information about "Barn Dancing", call Uncle Roy, (312) 223-2081.

Choral Dynamics Plans Song-Filled Evening

"We're Singin' Your Songs", a fun-filled two-hour evening of songs everyone loves is the 17th annual winter musicale being presented by Gerry Traxler's Choral Dynamics.

Show time is 8 p.m., Saturday and Sunday, Jan. 18 and 19, at Libertyville High School, Park Ave., Libertyville.

The group boasts approximately 100 members and presents a variety of music. Besides choral presentations, there will be solos, duets, small group numbers and a barbershop quartette. Connie Carlin has choreographed several numbers.

The show opens with a number appropriately titled "We're Doin' A Show" and continues with such favorites as "Someone to Watch Over Me," "Put on a

Happy Face," "I Believe," "One Kiss," "Body and Soul," "Bill Bailey," "Young At Heart," and "Ain't She Sweet." A special number will be presented by the young people in the group. The show ends with a favorite patriotic piece "Freedom Isn't Free."

Tunes are by Gershwin, Rodgers, Styne, Billy Joel, Stevie Wonder and many other renowned composers.

Tickets may be purchased at the door or from choral members. The show is presented in cooperation with the Gurnee Breakfast Exchange Club.

Aware Singles Dance

The Aware Singles Group invites all singles to an "Old West Night Dance" at 8:30 p.m. on Friday, Jan. 10 at the Arlington Park Hilton Hotel, 3400 Euclid Ave., Arlington Heights. Admission is \$6 for non-members. For more info, call (312) 777-1005.

Quilt Group To Begin

On Monday, January 13 from 1 to 3 p.m., interested residents will meet at the Warren Twp. Center to reorganize a quilter's group. Come and share a cup of coffee, quilting tips, patterns, problems and your accomplishments with other quilters. This group will meet once a month and serve as a support group for all those who are in the midst of a project or those who would like to learn to quilt. Vera Meyers will help organize and will share her expertise. Call Dee at (312) 244-1101 if you are interested in joining this group. There is no fee.

Program To Look At Two Career Couples

The Dual Career Family has become an important segment in our society. The increasing number of working women are bringing about many basic changes in family life.

The University of Illinois Cooperative Extension Service will present "Dual Career Families" on Wednesday, Jan. 15 from 7 to 9 p.m., in the Extension Auditorium, which is located one quarter mile north of

Rte. 120 and Rte. 45 in Grayslake. Couples and individuals are invited to enroll in this free lesson by calling (312) 223-8627.

The first part of the lesson will be taught by L.G. Pendarvis, Ph.D., Psychologist at Grayslake Family Counseling Clinic. Her topic will be Dual Career Families - How Couples Make It Work.

The second part will include a panel discussion consisting of three couples, a dual income couple with no

children, dual income couple with young children and a dual income couple with older children. The panel will be lead by Irene Green, Lake County Home Economics Adviser. Please pre-register by calling (312) 223-8627.

Magic Act

Magician Tom Hubbard performed for Cub Scout Pack 80 in the gymnasium of Grass Lake School. The Brownies and Junior Girl Scouts of Grass Lake were the guests of the Cub Scouts.

Baby Contest

A baby contest will be held at the Gurnee Holiday Inn on Sunday, Jan. 12, starting at noon. Babies with the best personality, cutest smile and a beautiful face will be competing in three age groups: 1-12 months, 13-35 months and three years and up. For more information concerning the contest, call (815) 234-5256.

Offer New Plan For Senior Citizens

Coping with Medicare co-payments, part B options, deductibles and medigap insurance have preplexed Medicare beneficiaries and their families for many years. Now, new options for seniors may appear to be making decisions more difficult.

The fact is, however, that new choices open to

Medicare enrollees such as Health Maintenance Organizations (HMOs) and expanded medigap coverage, may ultimately offer freedom from paperwork, better coverage or both.

In an effort to clarify one of several new options available to Medicare

beneficiaries, Victory Memorial Hospital is hosting presentations about Total Care, a new type of Medicare supplemental coverage. Meetings are scheduled for Tuesday, Jan. 14, from 10 a.m. to noon and 1

to 3 p.m. at the hospital, located at 1324 North Sheridan Rd. in Waukegan. Total Care is a program offering expanded coverage for Medicare enrollees and is sponsored by the 19-hospital Health First Network and

Bankers Life and Casualty Company.

Participants will be encouraged to ask questions about Medicare, in general, as well as those about Total Care. The program is free of charge.

Youngsters Learn Safety Through Latchkey Program

The University of Illinois Cooperative Extension Service will present three training sessions on "Latchkey Children and Their Parents" for teachers, PTA Officers and interested adult volunteers on Jan. 21, 23 and 30 from 4-5:30 p.m., in the Extension Auditorium in Grayslake.

Persons interested in teaching parents and children this important topic are invited to enroll in one of

the three sessions. The lesson is free and interested participants should call (312) 223-8627 to enroll.

The University has secured a 28 minute film, "The Lord of The Locks," that will be shown, and be available for loan in teaching this subject.

Parents who decide to let their children care for themselves try to anticipate potential problems by

making sure their children are prepared. A good self-care plan is one that grows out of constant monitoring and reinforcement of skills.

To enroll, or for more information, call Irene Green, Home Economist, or Norma Schott, 4-H and Youth Adviser, (312) 223-8627. Please enroll early so that proper teaching materials will be available.

Name Schaffer

Sen. Jack Schaffer (R-32) has been named a "Friend of Agriculture" by the Illinois Farm Bureau (IFB) for his 1985 voting record on farm-related legislation.

Schaffer was honored by Activator, the IFB's political involvement committee.

The Farm Bureau scored legislators' votes on 15 bills that affect agriculture directly or indirectly, including legislation dealing with farm credit, taxation

and regional interstate banking.

"The bills targeted by the Farm Bureau are not limited to agriculture. They can impact other types of business as well," Schaffer said.

To be eligible for the honor, legislators must have voted with the Farm Bureau's position at least 60 percent of the time. They must also be seeking reelection.

The SealMaster, Magnetic Interior Insulating Window

- Seals heat in like a refrigerator seals it out, with a continuous, magnetic air tight seal. Cuts energy losses 40% or more!

- Seals out 20 times more cold than a good storm window. Cuts air infiltration by 90%. Eliminates condensation too.

- Seals up most odd-shaped windows, casement and jalousie windows. Even drafty patio doors!

- See how much SealMaster windows can reduce your fuel bill. Call for a cost analysis on your house or building today.

THE SMART COUPLE could start out or slow down in this delightful 2 bedroom home. The inside of this home has been decorated and remodeled to reflect a warm, cozy environment. It is nestled on a nicely wooded lot, complete with barn type shed and dog run. There's no better time than now. \$43,000.

A CHARMING WORK SAVER. All the work has been done inside and out this charming two bedroom home. Including a new roof and all new maintenance free siding. Inside has been done to perfection. Subdivision pier to your boat and swimming enjoyment only one half block away on deadend street. Life made easy for only \$53,900.

HOME WITH A HEART describes this well cared for 2 bedroom home. Included is a full basement and a one car garage. The lake rights to Deep Lake offer excellent swimming, fishing and boating. Great for first time home buyers or use it for a weekend get-away. You can't lose at only \$63,900.

FAMILY SIZE AND COUNTRY STYLE. Elegant and enormous living room features mirrored walls with spotlights. There's plenty of room for everyone in the three bedrooms, 1.5 baths and large family room. Scenic view of landscaped one half acre plus from picture window. Very private wooded surroundings yet close to main road. Too special to miss. \$64,900.

MORE HOUSE FOR THE MONEY. End that cramped feeling in this 3 bedroom brick and cedar home. Featuring 3 full baths, finished basement with log burning fireplace and 2 car attached garage. Sliding doors off the dining room to large deck overlooking the backyard for your enjoyment. This one is truly a rare find. \$97,000.

COUNTRY SPLENDOR. Enjoy two and one half acres plus gracious living in this classic 3 bedroom, 2.5 bath split level. Spacious family room with wet bar and fireplace for entertaining or relaxing. The 2 car attached garage allows for plenty of room for storage. This is a house of plenty and only \$114,500.

NEXT WEEK'S HOROSCOPE

By Salome

Aries (Mar. 21-Apr. 19) Watch the tendency to be a bit absent-minded during this period. Write things down and remember to check your lists thoroughly. An important appointment must be kept.

Taurus (Apr. 20-May 20) Significant dates take on more importance. Be sure you remember birthdays, anniversaries, etc. Your thoughtfulness is recalled in a most pleasing manner later on.

Gemini (May 21-June 20) A strain could develop even where friendships are deep and long-lived. Air problems without letting the air out of anyone's ego. Show more sensitivity to others.

Cancer (June 21-Jul. 20) Be more realistic in setting goals. Ignore those who advise you to ignore making more thorough preparations. A half-hearted attempt is as useless as no attempt at all.

Leo (Jul. 21-Aug. 22) Check your mail. A letter carrying important news arrives just when you gave up hope of ever hearing anything about it. Decisions need to be discussed with all your den mates.

Virgo (Aug. 22-Sept. 22) Ease up on your work schedule. You may be about to repeat tasks that have already been accomplished. A family member will soon have an interesting announcement to make to you.

Libra (Sept. 23-Oct. 22) Watch out. The self-pity syndromes of others tend to overwhelm the sensitive Libran at this time. Show sympathy, even empathy, but resist being drawn down into anyone's mood cellar.

Scorpio (Oct. 23-Nov. 21) Let a little fresh air into that closed mind and you may be surprised at how quickly you want to change your opinions. A friend provides facts you shouldn't avoid hearing.

Sagittarius (Nov. 22-Dec. 21) Enlist the support of co-workers as well as superiors in seeing how red tape can be cut. Some people will resist your efforts for various reasons. Handle them with care.

Capricorn (Dec. 22-Jan. 19) Loved ones need more communications with you. Open up and share your feelings with them. Also show your willingness to let others share their feelings with you.

Aquarius (Jan. 20-Feb. 18) Explanations are in order. Don't expect others to automatically assume you were right to do what you've done. Open discussion leads to greater mutual respect and cooperation.

Pisces (Feb. 19-Mar. 20) Top priority is to keep in touch with all those involved in making a decision regarding a family member. Rely on expert advice, not on suggestions based on emotions alone.

SKI SCHOOL

at HOLIDAY PARK

Wed., Jan. 15, 1986, 3-10 p.m.

Think of it as a free afternoon and evening of skiing on US! All our personalities will be there, on the slopes *with* you learning how to ski, and spending the evening skiing. You **MUST** register in advance, though. Just call 546-6444 and give your name. **EVERYONE** must sign a release and anyone under 18 years of age must have a parent or guardian sign the release before you can ski and have your free lesson. Tell your friends, tune in WXLC, and attend the 6th annual WXLC/Holiday Park SKI SCHOOL, Wednesday, January 15th, from 3 p.m. to 10 p.m. (If you need skis, you must rent them for \$7.50, and we are limited to only 500 rentals.)
